

Y-12 TOP IN CHEST DRIVE FOR FOURTH YEAR

Speedy Selection Of Safety Awards Urged Of Y-12ers

Choice Of Five Articles Given; Quick Pick Will Expedite Distribution

A speedy decision on the selection by Y-12ers of one of the five articles being presented for individual safety awards will expedite just that much the ordering and distribution of the gifts, it is announced by the Safety Department. The award samples now are being displayed to departments throughout the plant, and selection cards on which the choice of gift is to be designated also are being distributed.

Approximately 3,680 Eligible

Last week about half of the approximately 3,680 employees in the Y-12 plant area eligible to receive the awards had viewed the articles and most of them made up their minds at once. A few wished to consider their choice a little longer—which is perfectly all right except that a lengthy delay will postpone the eventual distribution of the awards.

The awards are being presented to employees on the payroll between April 20 and June 29, 1951, who enabled the plant to establish its fifth period of 1,500,000 man-hours worked without a lost time accident.

Picked From 25 Selections

The five articles from which Y-12ers may choose their awards were selected from more than 25 exhibited to a plant-wide selection committee. The committee's choice were a set of three attractive ash trays, men's wallet, women's wallet, Zippo cigarette lighter and an Evered Korn Popper.

It is expected that the display of the safety award choices will be completed in the near future and the Safety Department has stated that some time will be required to obtain the selected articles after the selection cards have been checked and final order is placed.

STICKS AND STONES

In Savannah, Ga., a nine-year-old boy has found out that even reading has its hazards. Disregarding the saying that "sticks and stones may break your bones but words will never hurt you," the boy was reading an inscription on a tombstone when it toppled over him, breaking his leg.

"THE WINNAH AND STILL CHAMPION" WAS THE TITLE conferred on Paschal Hamrick, co-chairman of the Y-12 plant Community Chest committee as he reported last Tuesday to Mrs. Jo W. Millsaps, Chest secretary, that Y-12 had exceeded its 1951 campaign quota. They are counting some of the Y-12 contributions to the drive.

\$8,050 Quota Reached And Topped Last Week; Outstanding Cards Seen Increasing Generous Contributions

Plant Chairman W. D. Lavers And Oak Ridge Drive Leader L. D. Berger, Jr., Are Highly Complimentary Of Fine Example Set For Community In Campaign

Red feathers were flying high again over Y-12 last week.

For the fourth straight year the generous response of Y-12ers to the appeal of the Oak Ridge Community Chest for its 14 red feather agencies enabled the plant to be the first among units in its class in the city to go "over the top" in the annual fund raising campaign. Assigned a quota of \$8,050 at the opening of the campaign on September 24, employees throughout the plant began to dig deep and by last Tuesday afternoon, October 9, the goal had been reached and exceeded as Plant Committee Co-Chairman Paschal Hamrick turned in \$8,092.33 to Mrs. Jo W. Millsaps, secretary of the Community Chest.

Contributions and pledge cards continued to flow in during the remainder of last week and by Friday afternoon the total had reached \$8,239.83. This represented a mark of 102.4 per cent of the assigned quota raised.

Y-12 Plant Superintendent W. D. Lavers, chairman of the plant campaign committee, was highly pleased by the outcome of the campaign. He stated last Friday:

"Once again it is my pleasure to congratulate my fellow employees at Y-12 for the manner in which they performed a civic duty. Despite the fact that this plant has many newcomers who have not yet had time to get their roots firmly established in the community, we have met and exceeded our Community Chest quota. This cooperative effort is a continuation of the fine spirit of civic responsibility that is a tradition with Y-12 and with Carbide. I thank each and every one of you who have contributed to this effort."

L. D. Berger, Jr., campaign chairman for the Community Chest campaign, also was complimentary in a statement on the Y-12 report.

He said: "The Y-12 organization is to be highly complimented on a very fine job of fulfilling its Community Chest quota. The Y-12 employees have created a tradition for successful drives for worthy agencies and I hope the rest of the community will follow the fine example of Y-12 so that we can soon successfully conclude the Chest fund campaign. I am very happy to extend congratula-

W. D. Lavers

Lieut. Paul E. Ross, Former Y-12er, Rescued From Sea After Bailing Out Over North Korea

Lieut. Paul E. Ross

Prompt action by an alert Allied air-sea rescue group probably saved the life of First Lieut. Paul E. Ross, United States Air Force and a former Y-12er, when his jet fighter plane was blasted by anti-aircraft fire over North Korea September 25. Lieutenant Ross bailed out, landed in the ocean and was picked up in about 20 minutes, according to word received by The Bulletin from the officer's brother, Glen Ross, of the K-25 Electrical Operations Division.

The former Y-12 man's brother heard of the incident in a letter from the Air Force officer received here just a few days ago. The letter, probably for military security reasons, did not give an accurate account of just where the lieutenant was in action when his plane was hit. Lieutenant Ross is with the 154th Fighter Bomber Wing.

In Action Near Yalu River

The letter only said that Lieutenant Ross was in operations near the Manchurian border and over a North Korean railroad center when the anti-aircraft fire of the ground defenders raked his F-84 Thunderjet fighter. The letter said the action was in the vicinity of the Yalu River.

Following instructions given Allied pilots on what to do after

ACS Sets Meetings In Knoxville, Alabama

A number of Y-12 members of the East Tennessee Section of the American Chemical Society are planning to attend the first section meeting of the year scheduled for tonight, Wednesday, October 17, in Knoxville. A dinner at the S&W Cafeteria at 6:45 p. m. will be followed by the business session at 8 p. m. at Dabney Hall, University of Tennessee.

In addition to the meeting tonight, seven Y-12ers are to attend the Southwide Chemical Conference at Wilson Dam, Ala., co-sponsored by the Wilson Dam Section of the ACS and the Southern Association of Science and Industry. Among the Y-12ers planning to attend the Alabama meeting are Helen Grady, Leo Brady, J. L. Lee, C. K. Talbot, Ray Buxton, William Ross and Charles Boyd, all of the Analytical Chemistry Division.

At the Knoxville meeting tonight the principal address will be by Karl H. Beyer, Jr., assistant director of research of the drug firm of Sharp and Dohme, Inc., Glenholden, Pa. His topic will be "The Ethylamine Nucleus of Medicinal Chemistry." He is a native of Henderson, Ky., and received degrees from Western Kentucky State College and the University of Wisconsin.

GRAVES BEING REMOVED

Removal of 399 graves from 22 cemeteries in the area of the Savannah River Plant area of the Atomic Energy Commission has been announced by the AEC and Land Acquisition Division, Corps of Engineers.

Fire Prevention Week Response By Y-12ers Indicates Efficient Year Around Program

"Judging by the response to Fire Prevention Week observance last week Y-12 can be assured of an efficient year around campaign against fire and accident hazards," said Y-12 Fire Chief W. O. Elam last Friday after viewing activities from one end of the plant to the other planned to carry out the program of the week.

"The Fire Department had a lot of calls asking for information on various phases of the plant program," the chief continued, "and we were glad to help out with suggestions that might lead to better

housekeeping conditions that in turn will result in reduction of fire hazards."

Departmental and divisional inspection committees were busy throughout the week seeking out conditions that might result in hazards and complete reports on Y-12 activities are expected to be completed this week. The activities ranged from general cleaning up, removal of rubbish and trash to elimination of an entire building that was obsolete, not used and which might have become a fire hazard for the plant.

TAKE IT EASY, HE SAYS

In Lisbon Falls, Me., according to a newspaper story, Dr. Albert W. Plummer conducts a one-man campaign against speeders. Armed with a megaphone, he sits on his front porch and calls down drivers for speeding through the town.

Research Services Tops Attendance List

Research Services took over the lead in the Major League attendance standings for the week ending October 7 by posting a record of no absentees for the period. The department was in third place the preceding week. In second place, advancing from ninth, was Chemical with an absentee percentage of 1.88, while in third place was the Guard Department, first the previous week, which reported 1.90 per cent of its personnel absent.

The plant average for the latest reporting period was an even three per cent, .5 per cent less than the preceding week.

In the Minor League five departments reported perfect attendance marks for the week ending October 7, three being repeaters from the previous week. They were Property Sales, General Maintenance Office and Personnel. Joining them were the Steam Plant and Fire Department, advancing from fifth and six places.

Second place in the Minor League was held by Utilities Maintenance for the second week in a row. It had an absentee record of .5 per cent. Superintendents was in third place, dropping from first, with an absentee mark of .7 per cent.

The plant-wide absentee rerord for the week ending October 7, by departments, follows:

MAJOR LEAGUE More Than 50 Employees Scheduled			
Dept.	Absent Percentage	10-7-51	9-30-51
2091	1.2	1	1
2619	1.88	2	9
2091	1.90	3	1
2617	2.3	4	5
2773	2.60	5	4
2003	2.62	6	6
2618	3.07	7	9
2015	3.12	8	7
2014	3.12	8	11
2077	3.13	9	2
2060	3.14	10	8
2790	4.6	11	10
2001	5.4	12	13
2142	7.4	13	12

Group absentee percentage was 2.9 per cent, .5 per cent lower than the preceding week.

MINOR LEAGUE 15-49 Employees Scheduled			
Dept.	Absent Percentage	10-7-51	9-30-51
2145	0.0	1	1
2002	0.0	1	1
2109	0.0	1	1
2743	0.0	1	5
2093	0.0	1	6
2005	0.5	2	2
2200	0.7	3	1
2133	1.3	4	3
2008	2.0	5	7
2616	2.6	6
2739	3.4	7	8
2143	3.57	8	9
2108	3.57	8	4
2107	3.8	9	10
2046	4.0	10	14
2096	4.3	11	13
2064	5.7	12	12
2144	5.9	13	15
2090	10.7	14	11

Group absentee percentage was 2.9 per cent, .9 per cent lower than the preceding week.

The plant average for the week ending October 7, 1951 was three per cent, .5 per cent lower than the preceding week.

Toy Machines Patented For Young Lady Of House

A toy washing machine that is capable of putting out a real wash now is available for the little lady of the house, says the National Patent Council. It is made of plastic and a small removable agitator turns by a clockwork motor. A miniature dishwasher that operates in a similar manner also is being offered.

6-3534 Y-12 Photo By Vince Moore

FELLOW WOMEN EMPLOYEES IN Y-12 AND OTHER friends entertained Miss Lenore Brushwood, of the Analytical Laboratory, who is to be married November 10, with a crystal and china shower last Wednesday night, October 10. Hostesses were Catherine Carroll and Irene Binyard. The honoree, hostesses and other guests, pictured above, are Margaret Eager, Peggy Reeves, Jincy Dingus, Edwina Charles, Margaret Griess, Mary Van Slyke, Bernice Hauk, Juanita Byron, Daisy Ward, Anna Ruth Roberson, Elizabeth Patrick, Helen Greeter, Betty McDowell, Jennine Bandy and Kathleen Gardner.

Roy Byrd, of Plant Engineering, and his family visited his mother in Oneida, Tenn., while on vacation last week. . . . **Charles Holloway** has returned from a week's vacation spent at his home in Jackson, Tenn. . . . The department extends get-well wishes to **A. S. Preston**. . . . Good luck for **Andy Huddleston**, who has terminated to accept a job in his home town of Houston, Texas.

Geneva Carter, of the General Maintenance Offices, made a short trip to Kentucky while on vacation last week but spent most of the time at home in Knoxville. . . . Members of the department and their families who attended the annual picnic on October 3 at the Oak Ridge Sportsmen's Club reported a wonderful time, good food, and good entertainment.

W. T. Loving, of Field Maintenance, is on a two-week vacation. . . . **C. C. Tapp** and **N. F. Bush** are on vacation this week.

C. A. Hall, of the Guard Department, has returned from a recent two-week vacation. He toured the Northeastern Coast and Canada, stopping along the way for some deep sea fishing. . . . The department is missing **W. C. Nelson**, who is a patient at the Oak Ridge Hospital. Here's wishing you a speedy recovery, Sergeant Nelson.

Lee G. Bagwell, of Safety, and his wife are visiting Niagara Falls and New York State while on vacation this week.

The Research Engineering Department extends get-well wishes for **Lillian Hatmaker**; and a welcome to **Jean Wanemaker**, who has returned after an illness.

Dr. C. R. Sullivan, Jr., of Medical, and his wife and daughter are visiting Mrs. Sullivan's relatives while on vacation this week. . . . **Frances Haase** and her husband, **Bill Haase**, of Health Physics, are vacationing at Lake James, N. C., this week.

Mildred Langley, of Electrical Maintenance, is dividing this week's vacation between her home in Oakdale, Chattanooga, and Nashville. . . . **W. S. Miller** is on vacation this week. . . . **J. C. Ezell**, **H. D. Cofer** and **E. W. Pipes** went down to the wild life management area at Ocoee on a recent week end to get in on the squirrel and wild hog hunt—all they shot was several rattlesnakes. . . . **D. F. Cole** also got his share of rattlers when out hunting in Claiborne County on a recent week end.

Otis Rackley, of Security, is out putting mileage on that new Buick, while on a two-week vacation. . . . The department welcomes **Nora Moss** to its roster.

Ava Jackson, of Training and Procedure, vacationed at her home in Alabama last week.

Roberta McCutchen, of the Ana-

lytical Chemistry Division, is vacationing in Algonac, Mich., this week.

B. H. House, of Transportation, is vacationing this week.

The Analytical Chemistry Division extends get-well wishes to **Elvira Wilson**, who is on the sick list. . . . and a welcome back to **Velma Soar**, who has been off from work following an injury.

The Property Department extends get-well wishes to **Frances Smith**. . . . **Leon Brown** and **Clifford Anderson** has returned from a week's vacation.

Manufacturing Office extends sympathy to **J. C. Lewis** on the recent death of his mother in Knoxville.

Ralph Redmon, of Receiving and Shipping, is on vacation this week.

W. D. Hill, of Tools, is on vacation in Duff, Tenn., this week. . . .

R. H. Evans is spending this week's vacation in Oak Ridge.

H. L. Pace, of Property Sales, is vacationing this week.

Uranium Control and Computing welcomes **Emma Lee Eldridge**, **Fred Baker** and **Herbert Reid** to the roster. . . . **Virginia Swanner** went to New York City for a week of vacation. . . . **Kate Penland** visited her brother in Danville, Va., over the week end. . . . Folks in the department hope to welcome **Fred Uffelmann** back this week after an illness.

Walter Rice, of the Assay Laboratory, and his family are vacationing in Alabama this week, and plan to see the Tennessee-Alabama football game in Birmingham this Saturday. . . . **W. T. McBride** has returned from a week of vacation.

W. A. Bell, of Isotope Research, has returned from last week's vacation. . . . The division extends sympathy to **Bill Davis** and the family on the recent death of his wife's grandmother at Oneida, Tenn., where Bill and his family will be while on vacation this week.

Buildings and Grounds extends sympathy to **F. J. Bates** at the recent death of his brother. **F. C. Bates** in Etowah, Tenn. . . . **Ed Gillespie** is spending this week's vacation in Knoxville, and is making frequent trips to Watts Bar Dam to do some fishing. . . . **E. C. Walker** is taking his vacation this week to go squirrel hunting. . . . **Jerome E. Roberts'** daughter, **Mary**, has been elected head cheer leader by the student council at Mercer University, in Macon, Ga. Rah, rah, rah!

Frances Doss, of Research Services, and her husband, **Forrest Doss**, of ANP, have returned from a week's vacation trip to Indiana. . . . **J. C. Rogers** is on a two-week vacation. . . . **C. W. Mason** is spend-

Playhouse Cast Lists Y-12ers And Families

Some Y-12ers and members of their families will be in the cast of "The Curious Savage" when the play is presented by the Oak Ridge Community Playhouse Thursday, Friday and Saturday nights of this week. The production will be staged at the new Jefferson Junior High School auditorium (the old Oak Ridge High School building above Jackson Square) with curtain time at 8:15 p. m.

The cast is headed by Mrs. Dana Estabrook, whose husband, John Estabrook, is with the ANP Division in Y-12 and who won notice with his piano and violin obligations to previous Playhouse productions. Bob Barron, a Y-12 employee in the Security Department and son of Ray Barron, Superintendent of the Manufacturing Office Division, is a versatile actor and is entrusted with an important role. Marshall Lockhart, wife of George Lockhart, of Planning and Estimating, is another member of the cast well known to Y-12ers, she having appeared in many previous Playhouse productions.

Tickets for "The Curious Savage" are \$1.50 each and may be obtained at Loveman's store or at the box office on the nights of the show.

6-3513
Y-12 Photo By Vince Moore
CPL. DONALD KIRWAN AND his bride, the former Juanita Ruth Reed, of the Y-12 Security Office, are shown above just after their marriage at the Chapel-On-The-Hill on Sunday, October 7.

The following Y-12 employees were patients in the Oak Ridge Hospital last week: Virmon W. Arms and William D. Carden, Research Services; John W. Cantrell and Abe L. Snapp, Maintenance Shops; John W. Rankin and Willard C. Nelson, Guard; William D. Harmon, Assay Laboratory; Burlin V. Pullin and Fred Robinson, Buildings and Grounds; Sells E. Adams, Electrical Maintenance; Troy L. Ferguson and James R. Burgess, Field Maintenance; Mary F. Williams and Willie C. Williams, Janitors.

Five Y-12 employees were listed as parents of babies born recently at the Oak Ridge Hospital. They were Nelson R. Walton, Administrative Normal, boy, October 8; Charles E. Helfenberger, Field Maintenance, boy, October 9; Edward D. Hudson, Electromagnetic Research, boy, October 9; Roy C. Crawford, Maintenance Shops, girl, October 10; and George G. Everett, Field Maintenance, girl, October 10.

on vacation last week. . . . **C. E. Walker** also was on last week's vacation list.

Y-12 Photos By Vince Moore
A HAPPY HOMECOMING FOR THE PARSONS FAMILY IS pictured here—with Larry Parsons, of the Y-12 Electromagnetic Research Division chatting with his two service sons, Sgt. Larry Jim Parsons, 194th Combat Engineer Battalion, Tennessee National Guard, left, and Cpl. Jack Parsons, United States Marines. The sergeant, corporal and father and mother had their first reunion in 21 months recently. Both of the service men have just returned from months of continuous duty in Korea.

Y-12 BASKETBALL PRACTICE CALL ISSUED

THIS PAPA OF ALL THE drum caught hereabouts is being displayed by Clyde D. Watson, son of F. A. Watson, of the Y-12 General Maintenance Office. The giant finny specimen was yanked out of the Clinch River near Edgemoor Bridge by young Watson when he was trying out a new rod and reel recently, using a red and white bass master lure. The drum weighed 11½ pounds and the largest fish of the same tribe previously landed in this section is believed to be an eight and one-half pounder.

High Scoring Marks Play In W League; League Lead Tied

Five new individual and team scoring records were posted by the keglers of the Y-12 W League last week and six of the feminine bowlers racked up series scores of 450 or better. Mavis Koons, of the Kemps, rolled a fine 226 scratch game, boosted to 267 with handicap, and went on to post a 645 handicap series. The single game scores were by far the best of the season. Katie Williams, of the Controllers, banged a 501 scratch series for tops of the season.

The other pinwomen with excellent series scores for the night include Mrs. Koons with 494, Mary Cushman 475, M. E. Brown 466, Birdie Tibbatts 457, Ruby McGinnis 453 and Maola Connor 452.

The Kemps and Woes maintained their tie for first place by beating the Strikettes and Cracker Jax by two games. The Controllers advanced into third place by blanking the Make Ups for three games and the Hi Balls advanced a notch by mixing the Mix Ups for three games. The Controllers had season's top scores in their scratch and handicap series of 2202 and 2931, and also posted a 760 scratch game and 1003 handicap game.

League standing follows:

Team	W	L
Kemps	10	5
Woes	10	5
Controllers	9	6
Mix Ups	7	8
Cracker Jax	7	8
Hi Balls	7	8
Make Ups	6	9
Strikettes	4	11

Close Finish Seen In Sailing Races

The championships of the series of sailing races being held by the Oak Ridge Power Squadron most likely will rest on the results of the seventh and final contest of the year to be held Sunday, October 21, on Fort Loudon Lake near Concord. After the last race held October 7 a slim margin existed between Robert Schroeder, in first place, and G. J. Angele, winner of the October 7 event, in second place in the season's standings. Both are Y-12ers, as is George Lockhart, in fourth place; and Mrs. Gordon Randall in fifth. There are 12 members of the squadron entered in the sailing races.

Jonathan was careless about his personal effects. When his mother saw clothing lying on the floor and chair she inquired, "Who didn't hang up his clothes when he went to bed?"

A muffled voice came from under the cover, "Adam."

Old Men Take Lead In D Loop With Win As Woodchucks Lose

The Old Men of the D League tottered to the top of the standings last week by vanquishing the Vectors by a three-game margin as the Woodchucks, previous leaders, were dunked by the Isotopes by the same edge. Other loop matches saw the Toppers topple the Grocers and the Activators humbling the Hoboes, both by three points.

Ray Duckworthy, of the Grocers, had the top scratch game of 212. Parker, of the Toppers, had the best handicap game of 251 and scratch series of 529. Parker and Schafner, of the Activators, tied for leading handicap series of 646.

The Activators romped away with all team scoring leads for the night with an 850 scratch game, 1027 handicap game, 2389 scratch series and 2900 handicap series.

League standing follows:

Team	W	L
Old Men	17	7
Woodchucks	16	8
Grocers	14	10
Toppers	14	10
Hoboes	10	14
Activators	10	14
Isotopes	9	15
Vectors	6	18

Hooks Blank 'Canes For C League Lead; Orphans Fall Back

The Hooks bounced from third place to first in the C League of plant pinmen last Wednesday night by blowing the Hurricanes right off the alleys with a four-point whitewash. The Orphans, on top the week before for a seven-night stand, bowed before the Moles for three points and dropped to second place while the Guards stung the Hornets and the Thin Pins crossed the lines of the Short Circuits, each by the same margin.

Joe Dunlap, of the Orphans, posted a 201 scratch game and 526 scratch series for tops of the night. Mason, of the Hooks, had a 245 handicap game and a teammate, Don Matlock, rolled a 627 handicap series. The Hooks romped with all team scoring titles with a 808 scratch game, 1025 handicap game, 2376 scratch series and 2990 handicap series.

League standing follows:

Team	W	L
Hooks	14	6
Orphans	13	7
Hurricanes	11	9
Guards	9	11
Thin Pins	9	11
Moles	9	11
Hornets	8	12
Short Circuits	7	13

Varsity Pinwomen Blanked By Norris

The Y-12 women's varsity bowling team lost three close games to the Norris Creamery keglers in the Oak Ridge City League last Thursday night and dropped to sixth place in the league with an eight won and 10 lost record. The line scores for the Y-12ers were 651, 651, 736—2038; to 659, 682, 749—2090.

Doris Moore led the Y-12 scorers with 134, 142, 157—433. Betty Whithorn and Margaret O'Neal tied with series scores of 423, the former rolling 125, 134 and 164 to 146, 125 and 152. Other scores were Ruby McGinnis 135, 130, 142—407; and Katie Williams 111, 120, 121—352.

Then there was the Montreal drunk who was found muttering, "It can't be done, it can't be done, it can't be done," as he looked up at a big sign that read, "Drink Canada Dry."

For safety's sake during vacation or holiday motoring, be patient in traffic. Don't be a crank case behind the wheel.

6-3337 Y-12 Photo By Vince Moore
THE OLD MEN OF THE D LEAGUE OF PLANT BOWLERS forged to the top of the circuit standings last week. In the team picture above in the front row are, from left, Charles Coleman, George Nettle and Frank Scheilin while in the rear are Lyle Overholser and Bill Davis.

Y-12ers Help Stage Fall Fishing Rodeo; Also Bring Home Share Of Valued Awards

Several Y-12ers had prominent parts in handling arrangements of the annual fall fishing rodeo conducted by the Anderson County Sportsmen's Association October 6 and 7 and two of the five top prizes awarded by draw also went to Y-12 men. In addition one Y-12 angler placed third in the bass contest to win a valuable award.

Stinkers Whitewash Three Ds To Replace Aces At E Loop Top

The Stinkers (beg pardon, fellows, for miscalling such a fine name in the past) of the E League of plant bowlers, climbed to the top of the standings last Thursday night when they overcame the Three Ds for a four-point whitewash victory. They displaced the Easy Aces, former leaders, who could only split even with the Rusty Five. In other matches, the Cut Ups trimmed the Gophers and the Mezzanine Maulers mauled the Dash Fours, each by the four-point mark.

A low 189 scratch game rolled by both Browning, of the Aces, and Gritton, of the Stinkers, tied for tops. Browning's handicap gave him top handicap game score of 241. Kasten, of the Maulers, had a 526 scratch series, and Ratjen, of the Rusty Five, a 623 handicap series for the lead.

The Maulers had a 793 scratch game, 2308 scratch series and 2917 handicap series for the best of the night. The Easy Aces racked up a 1032 handicap game.

League standing follows:

Team	W	L
Stinkers	15	5
Easy Aces	14	6
Gophers	10	10
Rusty Five	10	10
Cut Ups	10	10
Mezzanine Maulers	9	11
Dash Fours	8	12
Three Ds	4	16

K-25 Keglers Take Three From Y-12ers

The Y-12 men's varsity bowling team hit a snag in their Oak Ridge City League campaign Monday night, October 8, when they dropped three points to the K-25 keggers. Match scores were Y-12 829, 881, 787—2497; to 876, 850, 815—2541. Ernie Cobble paced the Y-12ers with scores of 169, 183, 180—532; followed by Len Hart with 173, 180, 185—528; Jack Spears 177, 179, 153—509; Roy Roberts 166, 174, 149—489; and Frank Gragg 144, 165, 130—439.

The bass winner was Bob Adams, of Maintenance Shops, who won 100 yards of casting line. The other winners of prizes in the drawing were A. V. Bible, of Receiving and Shipping, outboard motor; and H. C. Nichols, Administrative Product, a .22 calibre target pistol.

Forrest E. Clark, Analytical Laboratory, is vice president of the Anderson County Sportsmen's body, sponsors of the rodeo that was held at Pellissippi Point. Other Y-12ers active in the event were F. R. Duncan, Isotope Research, chairman of the committee in charge of the rodeo; and Graydon Whitman and Joe Walton, both of Isotope Research, who were officials on the committee.

Hoy Named Captain Of Y-12 Pistol Team

Harry Hoy, of the Y-12 Electromagnetic Research Division, has been named captain of the Y-12 pistol team with Capt. M. R. Woodward, of the Guard Department, selected co-captain and coach of the group. H. Hagen and Joe Bair will serve as range officers for the team.

The team will continue practicing on Wednesday and Friday nights at 7 o'clock at the Oak Ridge Sportsmen's Association on the Turnpike west of the city. All Y-12ers interested in pistol shooting are urged to become candidates for the team as everyone will have an equal chance, the matches being staged on a handicap basis.

The league season will begin October 31 with teams entered from Y-12, K-25, Oak Ridge National Laboratory, Oak Ridge police, Atomic Energy Commission and Independents.

Civil Engineers Set Talk By TVA Men

Civil engineers of Y-12 who are members of the Oak Ridge Sub-section of the American Society of Civil Engineers are urged to attend a meeting of the group at 7:30 o'clock, Thursday night, October 18, in the Ridge Recreation Hall. The speaker will be Harry Wiersema, assistant to the chief engineer of the Tennessee Valley Authority. His topic will be "Civil Engineering for TVA Steam Plants."

Varsity, Plant Cagers To Drill At Glenwood

The first call for basketball practice sessions for both plant and varsity cagers in Y-12 has been issued by Recreation Supervisor Arnold Tiller for next week. The court sport has been popular in the plant in past years with considerable success having been won in outside encounters by the varsity teams and close contests staged by plant teams.

Varsity Squads Called

The initial call for varsity team candidates for both the women's and men's squads asks the feminine basketweavers to report at 7:30 o'clock next Monday night, October 22, at the Glenwood school gymnasium. Candidates for the men's team are requested to report at 8:30 o'clock Thursday night, October 25, also at Glenwood.

Positions on both teams are wide open for the coming season as many of last season's outfits have departed. Everyone in the plant wishing to play the game is urged to turn out for these sessions.

Plant Groups Are Interested

Several groups already have expressed interest in plant league action and captains and team managers may obtain reservations for practice at the Glenwood floor by communicating with the Recreation Office, North Portal, telephone 7753. Y-12 has been assigned this gymnasium for plant league practice on Monday, Tuesday and Thursday nights from 6:30 o'clock on and time will be allotted on a first come first serve basis.

After next week the varsity squads will hold their practice sessions on the hardwood of the new Oak Ridge High School gymnasium.

Cubs Cling To Top In B Bowling Loop; All Stars Advance

The Cubs clung to the top notch in the B League last Thursday night in alley activities at the Oak Terrace by clawing their fellow jungle cats, the Tigers, for only three points and maintained a one-point margin over the surging All Stars, who licked One-91 for a whitewash win. The Wolves passed the Bumpers to take over third place with a three-point win and the losers fell to a fourth place tie with the swishing Comets, who blanked the Bldg. 9211 keglers. The Bums split a match with the Rippers and the Rebels hopped all the way from 11th place to eighth by blanking the Wasps.

Although no records were set by the B League pinmen, some good scores were posted. Frank Gragg, of the Wolves, banged a 226 scratch game and Roy Roberts, of the Comets had a 246 handicap game. Gragg came back for a 593 scratch series and J. D. Brown, also a Wolf, had a 664 handicap series. The Wolves took most of the team honors with a 932 scratch game, 1034 handicap game and 2521 scratch series. The Rebels' 2935 handicap series was tops for the night.

League standing follows:

Team	W	L
Cubs	18	6
All Stars	17	7
Wolves	16	8
Bumpers	15	9
Comets	15	9
Bums	11	13
Rippers	12	12
Rebels	10	14
Tigers	10	14
Bldg. 9211	9	15
Wasps	6	18
One-91	5	19

Stop, look, and lessen grade crossing accidents, the National Safety Council urges. Heed the warning signs.

Carbide Camera Club Salon Contests Draw Nearly 150 Entries; Y-12er H. L. Dickerson Takes Four First, Four Third Prizes

Nearly 150 entries in the black and white print and color slide competitions were displayed in the annual salon meeting of the Carbide Camera Club on Tuesday night, October 9, in the West Lounge of the Ridge Recreation Hall. Herman L. Dickerson, of the Y-12 Electromagnetic Research Division, was the leading Y-12 winner, taking four first places, four third places and several honorable mentions in both the picture

and slide classifications. Dickerson was the only Y-12er to place in the black and white print competition. He took first place in the architecture classification with a night picture of Fontana Dam. His photograph of the Broadacre dairy farm in Knox County took third place in the landscape and scenes grouping. In the color slide competition he placed first and third in architecture, third in scenes and land-

scapes, first in flowers and first and third in children. Virginia Spivey, also of Y-12, placed second in the flower classification of slides.

There were 48 black and white prints in the salon contest, and 100 color slides. Vincent Moore, Y-12 photographer, judged the prints. Ed Westcott of the Atomic Energy Commission, judged the color slides.

The winning black and white prints have been placed on display at Loveman's store.

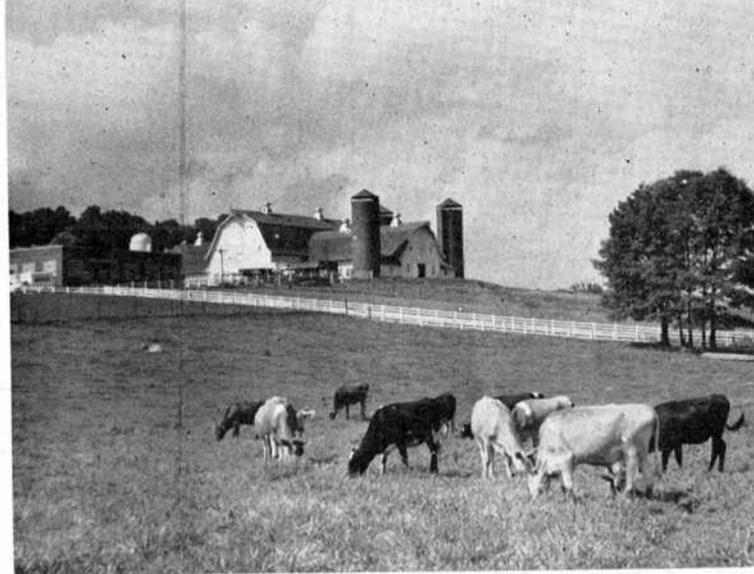

In addition to the competition, the Carbide Camera Club members held a joint meeting with the Oak Ridge Camera Club, of which Dr. Ed Campbell is president. The joint meeting was featured by a panel discussion on "Salon versus Documentary Photography."

A demonstration of multiple flash bulb lighting and a color movie on western parks of the United States also were on the program.

The next meeting of the Carbide Camera Club will be held at 7:30 o'clock Tuesday night, November 13, in the club headquarters, Y-12 East Portal building. An interesting program, including a free-for-all color slide contest in which any subject may be used, is being arranged for the session.

HERMAN DICKERSON, OF THE Y-12 ELECTROMAGNETIC Research Division, took a first and third prize at the Carbide Camera Club salon contest. The picture of Fontana Dam at night, left, took first; and the photograph of the Broadacre Dairy Farm, right, was third. Both pictures were made with a Magna camera,

using 2 1/4 by 3 1/4 film developed in Plus X Microdol developer, printed on Defender warmtone DL paper with Ardol developer. The Fontana picture was taken on August 4 with a three-minute exposure at f-5.6 and the Broadacre view on July 8 at 1/25th second exposure at f-16.

Y-12 First In Chest Drive For Fourth Year

Continued from Page 1
tions to Y-12 employees for their response."

A total of 3,370 Community Chest pledge cards were distributed throughout Y-12 at the opening of the 1951 campaign and only 269 were outstanding at the end of last week because of vacations, sickness, leave of absence or other reasons. It is expected that with the return of many of these cards that the Y-12 contributions to the Chest will be substantially increased.

The Y-12 plant began its string of years of leadership in being the first organization of its class to report its quota met and exceeded back in 1948. In that year the plant was assigned a quota of \$4,000 and ended up by returning \$5,470, which was 135 per cent of the assigned goal. The next year Y-12ers were given a quota of \$3,400 and soon raised \$4,300, a 126.8 per cent standing. Last year the goal was \$5,000 and final figures showed a total of \$6,143.85 raised for the Community Chest.

Carbide Wives Meet Tonight For Party At Ridge Hall

Bridge and canasta will be played at the monthly card party to be staged by the Carbide Wives at 7:30 o'clock tonight, Wednesday, October 17, in the Ridge Recreation Hall. Many wives of Y-12ers are members of the organization and all Y-12 wives are invited to attend the meeting.

Mrs. M. P. Gelson is the member of the executive board in charge of the party and Mrs. J. M. Schmitt will be chairman. Hostesses include Mesdames H. G. P. Snyder, Fletcher Daley, J. R. Nicholson, W. E. Thompson and C. N. Ledgerwood.

The driver who doesn't mind being passed will be PRESENT when passers are PAST!

Y-12er Facing Leg Amputation Thanks Friends For Cheer Before Telling of Ordeal

Things have been breaking pretty tough for T. H. Basler, materials handler in the Transportation Department all this year. Misfortune has dogged his steps ever since January 5, when he stepped off a bus near his home in Petros and was struck by an automobile—but the Y-12er has not allowed the chain of circumstances that followed to get him down—to form a crust of cynicism and distrust that might have overtaken almost anyone.

A long stay in a Harriman hospital followed the accident—then, being a World War I veteran, he gained admittance to the Veterans Administration Hospital at Mountain Home, Tenn., for treatment of his badly mangled leg and other injuries sustained in the accident.

Back here in Y-12 fellow employees in Transportation knew that things were not getting any better for Basler, but he was not asking for any favors. His fellow workers started sending him messages of cheer and gifts and then—last week—came a one page pencilled letter to W. T. Bradshaw. It said—in part:

"Dear Brad: I just received your card and sure was proud to think that I have such good friends in Y-12. I don't know how to thank you and all the rest of the folks.

U-T Sociologist To Speak At Forum

Y-12ers and other Oak Ridgers interested in sociology are invited to attend a meeting of the Oak Ridge Forum next Thursday night, October 25, when the speaker will be Dr. William Cole, of the University of Tennessee department of sociology. The meeting will be at 8 o'clock in the East Lounge of the Ridge Recreation Hall.

I sure appreciate all that you have done. You can put something in The Bulletin thanking all for the cards and gifts they have sent . . . Well, I am going to have my leg off tomorrow if nothing else happens . . ."

That last sentence is typical—he thanked everybody before simply relating that he was soon to face an ordeal from which many brave men would cringe and many lesser ones would whine about.

The Bulletin is more than glad to pass on Basler's message of thanks—and might further suggest that other Y-12ers who know the sick man also join the ranks of Transportation to bolster the spirit of the sick man up at Mountain Home.

Eugene Williams President Of High School Organization

Eugene Williams, of the Y-12 Chemical Department, is president of the Oak Ridge High School Parent-Teacher organization for the current school year and Mrs. Ann Matlock, wife of Don Matlock, another Y-12er, is publicity chairman of the group. Rounding the executive board are Donald Roe, principal of the school; Thomas Dunnigan, vice principal; Walter Barto, vice president of the P-T group; Miss Ann Cebrat, treasurer; Mrs. Edward Hobson, secretary; Paul V. Arow, program committee chairman; Mrs. Jane Bogle, membership committee chairman; Mrs. Eugene Williams, hospitality committee chairman; and James Summer, attendance committee chairman.

The organization is conducting a membership drive throughout the month of October and President Williams has expressed the hope that the group may accomplish much for parents, teachers, and the community at large. Y-12 parents of high school pupils are invited to communicate with any of the officers and board members of the organization for information and membership.

Lieut. Paul E. Ross Rescued Off Korea

Continued from Page 1

finding themselves in a disabled plane, Lieutenant Ross headed for the West Coast of Korea and managed to reach it before having to abandon his plane and parachute to the ocean. The fighter pilot landed in three feet of water near the shore but to escape any possible pot shots from snipers on land he swam to a sand bar some distance away. Meanwhile, pilots of the air-sea rescue unit had spotted him, protected Ross in his parachute descent and then picked him up from the sand bar refuge. Only 20 minutes elapsed from the time Ross bailed out until he was picked up and his only discomfort was a thorough wetting.

Lieutenant Ross was on his 37th mission over Korea when his airplane was hit.

The Air Force lieutenant came to Y-12 January 15 in the Product Chemical Department and terminated March 15 when called back into service as a reserve officer. He was a veteran of five years service in World War II, being discharged with the rank of first lieutenant after serving as a flight instructor at Goodfellow Field, near San Angelo, Texas.

He is a native of Norton, Va., but more recently claimed Four Mile, Ky., near Pineville, as his home. He is married and his wife is living in Kentucky.

University Of Tennessee Man To Speak At Seminar

Dr. R. D. Birkhoff, of the department of physics at the University of Tennessee and consultant at the Oak Ridge National Laboratory, will speak at the weekly meeting of the Oak Ridge Physics Seminar at 4 o'clock Friday afternoon, October 19. The meeting will be held in the East Lounge of the Ridge Recreation Hall and all Y-12ers interested are invited to attend. Dr. Birkhoff's subject will be "Beta Stragglers at 626 Kev."

Rides Wanted And Offered

Two Riders Wanted—From Washington Pike, North Knoxville, through Solway Road, straight day shift. Edd Gilliams, plant telephone 7228, home telephone 5-0565.

Ride Wanted—From North Broadway section, Knoxville, straight day shift. Alice Hamilton, plant telephone 7751.

Ride Wanted—From Burlington section of Knoxville, straight day shift. Richard A. Ingram, plant telephone 7784, home telephone 4-1017.

Ride Wanted—From West Outer Drive and Illinois Ave., Oak Ridge, rotating shift. Dorothy N. Clark, plant telephone 7647, home telephone 5-4008.

Riders Wanted—From Knoxville, rotating shift. L. Sliger. Plant telephone 7573, home telephone 4-8615.

Car Pool—Want to participate in Oak Ridge car pool. P. S. Baker, plant telephone 7374, home telephone 5-1139.

Ride Wanted—From Robertsville Road and Illinois Ave., Oak Ridge, straight day shift. Dorothy Weigelt, plant telephone 7261, home telephone 5-0753.

Five Riders Wanted—From Lincoln Park section, Knoxville, straight day shift. E. E. Miller, plant telephone 7411, home telephone 3-8307.

Ride Wanted—From Hamilton Circle, Oak Ridge, straight day shift. Joyce Ross, plant telephone 7733, home telephone 5-3189.

Cinema Club Sets Contest On Vacation Films Thursday

A contest for summer or vacation movies by members of the Oak Ridge Amateur Cinema Club will be staged at the October meeting of the Club scheduled for 8 o'clock Thursday night. The meeting will be held in the Theater of the Atom at the American Museum of Atomic Energy, Jefferson Circle.

A second film from the Harmon Foundation instructional series, "You Can Make Good Movies," will be presented. It is called "Your Camera and How To Use It."

The meeting will be closed with the screening of "Saskatchewan," an amateur vacation film from the library of the Amateur Cinema League.
