

## Y-12 READY TO ANSWER RED CROSS DRIVE APPEAL

### Safety Awards To Be Distributed Here This Week

3,792 Articles Ordered To Reward Employees For Fifth Safe Period

Y-12ers who participated in the fifth period of 1,500,000 hours of operation in Y-12 without a lost time accident will receive their personal safety awards this week. The articles arrived in Y-12 last week and distribution is expected to be completed before the end of this week.

#### 3,792 Articles Ordered

Y-12ers eligible for the personal awards are those who were on the payroll between April 20 and July 31, 1951, when the plant operated for 2,198,884 man-hours without a disabling accident. A total of 3,792 articles were purchased for awards to the eligible employees.

Eligible Y-12ers were given a choice of five articles from which to choose their personal safety award. A set of three ash trays were the most popular article on the list, 867 sets having been requested. Zippo cigarette lighters and corn poppers were equally desirable as 807 each were ordered. Wallets were requested by 750 men employees and 561 women employees.

#### Distributed Through Divisions

The personal safety awards for eligible Y-12ers are to be distributed to them through regular divisional channels.

### Housing Price List Available To Y-12ers

For the convenience of Y-12ers who live away from the Oak Ridge area and who are interested in the sample prices of Oak Ridge homes published last week in the Oak Ridger, local newspaper, arrangements have been made for plant distribution of copies of the advertisement in which the sample home prices were listed. The copies of the two-page advertisement will be available in the office of The Y-12 Bulletin and also at the Housing Office, both at the North Portal.

The prices listed are for 36 different types of single and duplex dwelling units and the tables list 79 average prices and probable monthly payments compared to present rents. The appraisals on the dwelling units were made under direction of the Knoxville Real Estate Board following the report of the Atomic Energy Commission Panel on Community Operations, better known as the "Scurry Report," that studied problems of private ownership of real estate in Oak Ridge and Richland, Wash.

#### FIRST AID GROWING

A total of 1,093,069 Red Cross first aid certificates were issued during the last fiscal year—the largest number since the early days of World War II. In June alone, 461,497 were issued—more than the total for the entire previous year.

6-4233  
COORDINATING THE 1952 RED CROSS FUND CAMPAIGN in Y-12 is the group shown above. From left around the table are Nelson Tibbatts, Maintenance; Howard I. Esty, Manufacturing Office; Y-12 Plant Superintendent W. D. Lavers, chairman; Paschal Hamrick, Personnel, co-chairman; Arnold Tiller, Industrial Relations; B. N. Strunk, Stores. Inserted above at left is Harold E. Payne, Engineering; and at right is W. S. Herron, Chemical.

### Field Director Describes Work Of Red Cross In Korean Field

What does the Red Cross do for servicemen overseas? Here are excerpts from a letter written by a Red Cross field director in Korea to Marc Sims, editor of the Carbide Courier at K-25 and former associate editor of The Bulletin. Sims, a former field director in the Red Cross during World War II in the Pacific area, made the letter available to The Bulletin with the view of acquainting Y-12ers with services rendered the Armed Forces by the Red Cross. The writer, Frederick H. Nave, is attached to Ninth Corps Headquarters in Korea.

"A corps headquarters is a big outfit with a lot of attached units and a lot of territory to cover. We are responsible for providing Red Cross service to all the outfits attached to the corps, as well as infantry units in corps reserve and all the personnel at corps headquarters. I've never counted them up, but it must be close to 10,000 men.

"You know the Red Cross has SMI (Service To Military Installations) people attached to all divisions, regimental combat teams, headquarters of the Eighth Army and each corps.

#### Outlying Units Problem

"Our biggest problem is getting around to outlying units. From our headquarters to the most distant unit is 72 miles by the shortest route. This route is so congested by traffic that it saves time to go by another route, 99 miles long. We do this by jeep over roads that are as good as engineers can make them. The engineers keep running into all kinds of trouble, such as snipers and anti-personnel mines.

"I had to make a personal contact the other day with a man in

### Metals Society Sets Meeting For Tonight

The February technical session of the Oak Ridge Chapter of the American Society for Metals, which has a considerable membership in Y-12, will be held at 8 o'clock tonight, Wednesday, February 20. The meeting will be held in the Knights of Columbus hall, Jefferson Circle.

F. G. Tatnall, manager of testing research for the Baldwin Locomotive Works, will be the principal speaker at the session tonight. He will cover the fundamentals of static and dynamic testing equipment and also demonstrate by schematic drawings and models ingenious applications of the bonded wire gage which may apply to a wide field of measurement problems in industry.

Tatnall has been a specialist in the testing machine business since 1925, when he graduated from the University of Pennsylvania with a degree in mechanical engineering.

### Lankford And Howard Reach United States From Korean Duty; Expected To Return To Oak Ridge Soon Via Ft. Knox Processing

Two more proud and happy Y-12 fathers are making plans this week to welcome home their sons, both former Y-12 employees themselves, who landed in San Francisco last week after many months of service in Korea with the 194th Combat Engineer Battalion, the Oak Ridge unit in the Tennessee National Guard.

#### May Come This Week

The Y-12ers are Lyle G. Lankford, of Maintenance Shops, who expects his son, Pfc. Gerald Lankford some time this week; and George H. Howard, Buildings and

Grounds, whose son, Sgt. George L. Howard, was on the same ship as Lankford and who is expected back here at the same time. Lillian Howard Hatmaker, sister of Sergeant Howard, also is a Y-12 worker in Research Engineering.

Lankford wired his father last Thursday night immediately on arrival from Korea aboard the transport General Meig. By coincidence, it was the same ship on which Lankford and Howard sailed to Korea late in 1950.

#### Other Ridgers On Ship

Aboard the General Meig, ac-

### Campaign Opens Tuesday; Speedy Response Is Seen

Pledge Cards Distributed In Plant; Deductions Effective On April 25

A generous and speedy response throughout Y-12 is expected when the 1952 Red Cross fund drive of the Oak Ridge chapter is launched next Tuesday, February 26. All advance plans for the campaign in Y-12 have been completed by the plant coordinating committee headed by Y-12 Plant Superintendent W. D. Lavers and Paschal Hamrick, of Personnel, co-chairman.

#### Appeal Always Answered Quickly

The campaign in Y-12 is expected to follow the pattern set in past years when the appeal of the chapter for funds to carry out its various worthy projects fell on responsive hearts. For the past four years Y-12ers have been first in their group of organizations in Oak Ridge to raise their quota and place it in the hands of the Red Cross authorities.

Aiding Chairman Lavers and Co-Chairman Hamrick this year will be Nelson Tibbatts, Maintenance; W. S. Herron, Chemical; Harold M. Payne, Engineering; B. N. Strunk, Stores; Howard I. Esty, Manufacturing Office; and Arnold Tiller, Industrial Relations.

#### Pledge Cards Distributed

The committeemen this week are distributing pledge cards to every Y-12er. It is urged that all return the cards with a payroll deduction authorization or cash donations as soon as possible. The card should be returned, even if no contribution is made.

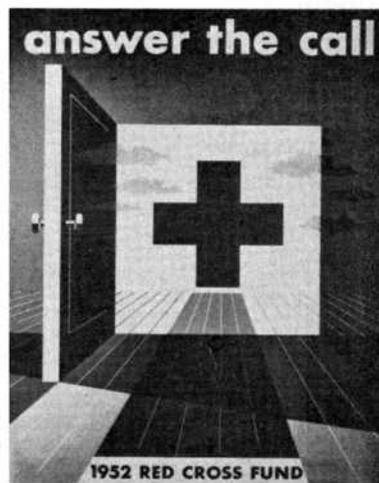

For Y-12ers wishing to have their donations handled through payroll deduction, one such deduction can be made on pay checks delivered on Friday, April 25, to both weekly and monthly paid employees.

The Oak Ridge Chapter of the American Red Cross this year is asking for \$23,170, the goal being slightly higher than the \$22,737 asked last year. The Korean war situation and other requirements have sharply increased demands on the chapter this year.

#### Aid For Servicemen Stressed

The chapter activities stress assistance to all servicemen and their families, such as financial assistance in cases of emergencies

Continued on Page 4

### Credit Union Names Educational Group

Appointment of an educational committee to keep Y-12ers informed of activities of the Y-12 Employees Credit Union with W. K. Prater, of Isotope Research and Production as chairman, has been announced by Morris J. Fortenberry, president of the organization. Other members of the committee are Joe Bearden, Engineering; Andy Anderson, Stores; and Vincent Moore, of the Photographic Section.

#### Committee Working On Program

The newly appointed committee now is working on a program to get as much information as possible to as many members and potential members as possible. Chairman Prater has asked any Y-12er with questions to ask about the credit union to communicate with any member of the committee.

The board of directors of the credit union right now is endeavoring to find out if the majority of the share-holding members of the credit union wish to have the organization continue the policy of life insurance for members that now is in effect. Under the present policy, share holders holding up to \$1,000 in shares are insured up to the amount of their holdings for 78 cents per \$100 of shares. For example, members holding \$500 in shares would be insured for \$1,000 and their beneficiaries would receive that amount on death of the share holder.

#### Premium Deducted from Dividends

At present the expense of this insurance has been handled by deducting the insurance premium from dividends drawn by the share holder.

The board of directors has requested that credit union members communicate with any members of the educational committee and state their views on whether the insurance feature should be continued.

## Several Y-12ers In Cast Of Lions Club Minstrels

Several Y-12ers are in the cast of the annual Lions Minstrels to be staged March 6, 7 and 8 at the auditorium of the Jefferson Junior High School. A dress rehearsal for the benefit of children of the city will be given March 5. Bill Cobb and Bill McDonald, both Y-12ers, will be end men in the performance. In the chorus will be Jim Hays, Bill Harmon, Elmer Olson, Eugene Williams, Jim Keeton and Keith Brown. Joe Culver and M. R. Skidmore are in charge of properties and Joe Preslar of finances of the show.

A feature of the production will be "The Wesquire Girls," a masculine take-off on the Esquire magazine calendar girls. W. C. Tunnell, of Y-12, wrote and will produce a skit with the "Wesquire Girls," including himself, Chris Keim, Jim Bowers and Pete Kackennaster.

Tickets may be obtained from any member of the Oak Ridge Lions Club. There will be no reserved seats for any performance.

## Chemical Engineers To Hear Talk By ANP Director

Miles Leverett, director of the ANP project of General Electric Co., will speak at a meeting of the Oak Ridge Section of the American Institute of Chemical Engineers at 8 o'clock next Tuesday night, February 26. The meeting will be held in the West Lounge of the Ridge Recreation Hall.

The topic of the talk by Leverett will be "Engineering Problems Associated With the ANP Project." All members and the public is invited to the meeting.

## Parking Violators At Portals Will Be Called To Move Cars

Y-12 motorists who have been violating parking regulations at the plant area portals will be required to leave their jobs and remove vehicles from restricted parking areas when such violations are noted. Guard Department employees have been instructed to communicate with supervision of any employee whose automobile is found parked in violation of plant parking rules, in roadways or other restricted areas, and supervision will instruct the employee to move the vehicle to the proper parking space.

## Permits For Scrap Lumber At Y-12 Boneyard Cancelled

All permits for Y-12 employees to pick up scrap lumber or other material at the boneyard on Bear Creek Valley Road west of the plant area have been cancelled, and no such permits will be issued for the time being, at least. It is hoped that the order prohibiting obtaining of scrap may be rescinded in the future.

Signs will be posted at the boneyard reminding all persons of the ruling and the assistance of the Atomic Energy Commission patrol has been requested to enforce the order.

Miss Charlotte Ann Smith

### SMITH - KENNEDY

The engagement and approaching marriage of Miss Charlotte Ann Smith, of the Y-12 Laundry Department; and Lee Frank Kennedy, Jr., of Electrical Maintenance, has been announced by Mr. and Mrs. C. D. Smith, 130 West Gettysburg Ave., Oak Ridge, parents of the bride-elect. The nuptials will be solemnized at noon, Saturday, March 1, at the Chapel-On-The-Hill with the Rev. Lon Moneyhun, pastor of Trinity Methodist Church, of Oak Ridge, officiating.

Kennedy is the son of Mr. and Mrs. L. F. Kennedy, Sr., 338 Jefferson Ave., Oak Ridge.

Miss Smith will be given in marriage by her father. During the ceremony nuptial music will be under direction of Mrs. Harold Lunn, of Homestead, Tenn.

At her wedding Miss Smith will wear a biege suit with navy accessories. Miss Andrey Prescott will be maid of honor and will wear a costume similar to that of the bride-elect.

L. F. Kennedy, Sr., will be best man and ushers will be Oscar Smith, Charles Kennedy, William Fullam and James McQuain.

A reception will be held at Ridge Recreation Hall immediately following the ceremony.

Both Miss Smith and Kennedy are graduates of Oak Ridge High School.

The couple will live in Oak Ridge.

The following Y-12 employees were patients last week in the Oak Ridge Hospital: Walter E. Clark, Materials Chemistry; R. G. Marlar, Administrative Product; Velma I. Soard, Analytical Chemistry; Alfred L. Boch and Lewis Childs, Electromagnetic Research; Thurman H. Moyer, Administrative Normal; Paul J. Johnson and Joe T. Adkins, Field Maintenance; Richard A. Bates, Chemical; Clarence E. Phillips and Sam King, Electrical Maintenance; Charles A. Frazier, Administrative; and Arnetta D. Craig, Safety.

Three Y-12 employees became parents of babies born recently at the Oak Ridge Hospital. Joseph Pryson, Administrative Normal, became father of a girl February 8. Clarence R. Bolt, Field Maintenance, became father of a girl February 9. Francis K. Booth, Electrical Maintenance, became father of a boy February 13.

## All Wives Of Y-12ers Invited To Card Party On Wednesday

All wives of Y-12 employees are cordially invited to attend the regular monthly meeting and card party of the Carbide Wives at 7:30 o'clock tonight, Wednesday, February 20. The meeting will be held in the East Lounge of the Ridge Recreation Hall. Bridge and canasta will be played.

Mrs. David Knowles will be the executive member in charge of the meeting. Hostesses will be Mesdames Gilbert Jamieson, Ralph Ford, William Cottrell, Howard Burger, George Kitscher and Russell Hoover.

### BALITSIS - VARLAN

The engagement of Miss Constance Balitsis, of the Y-12 Analytical Chemistry Division, to Alexander Varlan, of the Chemical Feed Plant of K-25, has been announced by Mr. and Mrs. A. J. Sterges, of Knoxville, parents of the bride. The couple plans a late spring wedding.

Parents of the groom-to-be are Mr. and Mrs. Thomas Varlan, of Rochester, N. Y.

The bride-elect attended Walnut Hills and Withrow High Schools, Cincinnati, Ohio. Varlan is a graduate of the University of Michigan, Ann Arbor.

The couple plans to live in Oak Ridge.

### BREWER - SLADKY

The engagement and approaching marriage of Miss Mary Brewer, of the Y-12 Analytical Laboratory, to Richard Sladky, also of the Analytical Laboratory, has been announced by the parents of the bride-elect. The ceremony will be performed at 10 o'clock Saturday morning, March 1, at St. Mary's Catholic Church, Oak Ridge.

Parents of the bride-elect are Mr. and Mrs. Earl Brewer, of Lawrenceburg, Tenn. Sladky is the son of George W. Sladky, of Milwaukee, Wis.

The bride-elect received her B.S. degree at the University of Tennessee. Sladky attended Milwau-

A GROUP OF Y-12 WOMEN ENTERTAINED MISS MARY Barnes, a bride-elect, with a linen shower February 8 at the home of Virginia Smith in the Norwood section of Knox County. Miss Barnes is in Health Physics and will be married Tuesday, February 26. Guests at the shower, pictured above, are, seated from left, Florence Housch, Phyllis Finneran, Mary Brown, Miss Barnes, Louise Ward, Elizabeth Young, Gladys Dodson, Carol Banks, Georgia Cook, Sue Ross, Helen Grady, Mary Curtis and Ardyce Lee. Standing are Penny Keene, Virginia Spivey, Ruth Scheitlin, Jeanne Rogers, Winnie Zimmerman and Virginia Smith.

Betty Stephens, of Plant Records, spent the week end with Evelyn Harmon, a former co-worker, at Carson-Newman College in Jefferson City. . . . Wishes for a speedy recovery go to **Marion Brown**, who is on the ailing list.

**Bobby Jean Jessee** gave a birthday dinner for her husband, Don, last Saturday at their home in Knoxville—**Reva Dagley** and her husband, George, helped to celebrate the gala occasion.

**Harry J. "Big-foot" Tate**, of Field Maintenance, spent the past two weeks in Toledo, Ohio, attending a school of instruction. . . . **F. B. Matthews** and **B. D. Parton** both spent last week's vacation in Florida, deep sea fishing. . . . **C. E. Heflenberger** has returned from a week of vacation.

**F. O. Gaddis**, of Research Services, was on last week's vacation list.

The Safety Department extends get-well wishes to **Aretta Craig**, who was a patient in the Oak Ridge Hospital.

The Research Engineering Department welcomes **Patricia Ann Smith** to the roster.

**F. J. Russell**, of Electrical Maintenance, vacationed in Florida last week. . . . **C. N. Brient** has returned from a week of vacation. . . . Congratulations go to **Francis Booth** and his wife, **Louise**, a former Y-12er, who are the proud parents of a seven-pound baby boy born February 13, at the Oak Ridge Hospital.

**Garfield Huddleston**, of the Guard Department, is on a week of vacation. . . . The department extends congratulations to **Cpl. Donald I. Davis**, a former co-worker, who is the proud papa of

an eight-pound eight and one-half ounce baby boy born February 11, at the East Tennessee Baptist Hospital in Knoxville—Congratulations also go to the proud grandpa, **C. C. Chamberlain**, of Maintenance Shops. Corporal Davis is now in Germany with the U. S. Army.

**Bob Cantrell**, of the Employment Office of the Personnel Division, returned last week from a trip down Mississippi and Louisiana way. While in the Bayou country he visited **Oliver Yonts**, formerly of the Y-12 Isotope Research and Production Division and now on leave from Y-12 while studying for his master's degree at Louisiana State University at Baton Rouge. **Oliver** and his wife and youngster—born since the Yonts left here—sent their best regards to all Y-12ers. Incidentally—**Cantrell** brought back a honey of a Truman story from Mississippi—make him tell it to you.

The Security Department welcomes **Ann Thomas** to its roster. . . . Get-well wishes are extended to **W. T. Hays**, who is ill.

The Laundry Department welcomes **Sarah Corum** back to work after a recent illness.

The Manufacturing Offices wish a speedy recovery for **E. A. Hauther**, who is on the sick list.

A welcome back is extended to **J. D. McGuffin**, of Stores, after his recent illness. . . . Wishes for a speedy recovery go to **Bill Davis**, who is still on the sick list.

The folks with the General Electric Company welcome **Arthur Ur, Roy Hardin, Jack Harwell, and Jim Cunningham** to their roster.

News from the Analytical Laboratory is mostly of sick folks this week. . . . Labsters extend get-well wishes to **Mrs. Forrest Clark**. . . .

**Katherine Myers, Bill Dietrich, Jan Ellenberg, Gladys Dicus, Nell Murphy** and **Anna Smith** were laid up last week with various types of ailments. . . . New employees welcomed last week include **Evelyn Thurston, Irene Cantrell, Jim Cagle** and **Wanda Parrett**. . . .

Latest member of the "proud papa's" club is **Bob Bennett**, who became father of a seven-pound, 14-ounce son recently at the Oak Ridge Hospital. The youngster has been named **Lee**. . . . Radio Station WATO has been playing some jazz records of **Jim Hibbits** on Sunday night programs. . . . **John Byrd** is back after several days of jury duty. . . . **Tom** and **Ann Barton** spent a recent week end with relatives in Madisonville, Ky.

**W. W. Welchel**, of Administrative Chemical, and Mrs. Welchel have just moved into their new home on Ridgeview Road in Knoxville—they are having a house warming this coming Sunday, February 24, from 2 p. m. to 4 p. m., and cordially invite all their Y-12 friends to be there.

Y-12 Photos By Vince Moore

ANOTHER SON OF A Y-12ER WAS WELCOMED HOME RECENTLY WHEN STAFF SGT. Elmer Killian, Jr., left, of the 194th Engineer Combat Battalion returned from Korea. Sergeant Killian's father is in the Y-12 Research Services Department. At right the sergeant, an ardent fisherman, proudly shows a fishing outfit purchased in Japan—costing \$13 in U. S. money and priced at about \$80 in this country. Sergeant Killian flew in from Louisville, Ky., and is on 30-day leave from Fort Knox, Ky., being due back there March 2.

# PLANT BOWLING TOURNAMENT OPENS SATURDAY AT TERRACE

## Metallurgy, Biology Deadlocked For Top In Plant Cage Loop

Race Is Close As Week Remains To Play In Second Half Of Slate

With just about one more week to go, the Biology and Metallurgy quintets are tied for first place in the Inter-Plant League with four wins and no losses each in the second round of play. Biology tied with Bldg. 9212 for first place in the first half of the season.

Metallurgy added a pair of wins last week by trimming the Orsorts 39 to 18 and the No Goodricks 49 to 39. Biology kept pace with wins over Bldg. 9212 37 to 29 and Machine Shop 41 to 20.

In other clashes during the week ending last Friday the Rough House Five topped the No Goodricks 37 to 31, the Wildcats got a 2-0 forfeit over the Machine Shop, Bldg. 9212 beat the Rough House Five 30 to 26 and the Orsorts treed the Wildcats 49-38.

League standing including the games of last Friday night follows:

Team	W	L
Metallurgy	4	0
Biology	4	0
Rough House Five	3	1
Bldg. 9212	2	2
Orsorts	1	3
Wildcats	1	3
No Goodricks	1	3
Machine Shop	0	4

## Bumpers Take Four As B Bowling Loop Enters Third Round

The B League of plant bowlers jumped into the last lap of its season last Thursday night by opening the third and final round of play. The Bumpers got away winging with a whitewash victory over the Cubs. The All Stars, Rippers, Comets, Tigers and Bldg. 9211 each took three-point wins from the Wolves, Rebels, Wasps, Bums and One-91 keglers, respectively.

Potter, of the Tigers, took all individual scoring honors. He banged out a 246 scratch game, 268 with handicap, 592 scratch series and 659 handicap series. The Wolves got the best team scratch game of 865 and the Tigers the top handicap game of 1004. The Rippers took both series scoring highs with 2474 scratch and 2867 handicap.

League standing follows:

Team	W	L
Bumpers	4	0
All Stars	3	1
Rippers	3	1
Comets	3	1
Tigers	3	1
Bldg. 9211	3	1
Rebels	1	3
Wolves	1	3
Wasps	1	3
Bums	1	3
One-91	1	3
Cubs	0	4

## Y-12 Kealerettes Lose To Broadacre

The Y-12 women's varsity bowling team outscored the Broadacre kealerettes last Thursday night in series count but yet dropped two out of three games to their opponents. The Y-12ers took a neat 708 to 633 triumph in the first game but then fell by 688 to 661 and 680 to 652. The total pinnage was 2021 for Y-12 and 2001 for Broadacre.

Betty Whitehorn posted a 456 series to top the Y-12 team, putting together games of 161, 126 and 169. Then came Juanita Kirway with 149, 148, 127-424; Ruby McGinnis 144, 147, 120-411; Verma Peckman 121, 138, 109-368; and Mozelle Kennedy 133, 102, 127-362.

## Strange Tallies 31 As Robins Clinch Second Title; Y-12ers Play Harriman Cagers Saturday

Women Basketeers Whip Georgians By 48 to 38; Teams Prep For Tourney

After winding up their regular Oak Ridge City League schedule Friday night in contrasting styles, the Y-12 varsity basketeers will devote most of their time between now and March 3 in practicing for the Southern Appalachian tournament to open in Knoxville on that date.

With Sue Strange scoring 31 points for the biggest individual splurge in years in Oak Ridge, the Robins romped to their second straight Oak Ridge title with a crushing 48 to 23 defeat of the Oak Ridge National Laboratory lassies Friday night. The Cards didn't fare so well, losing to the Atomic Energy Commission by 53 to 38. The Robins went on to whip the College Park, Ga., Peaches Sunday by 48 to 38.

### Favored To Beat Harriman

The only court combat set for the Cardinals and Robins for the next few days will be a double-header slated for Saturday night at the Oak Ridge High School gym against teams from Harriman. The Y-12ers turned in easy victories over the Harriman cagers a couple of weeks ago and will be favored to repeat.

A game originally scheduled here for Sunday between the Robins and Lorelei Ladies, of Atlanta, was cancelled by the Atlanta team.

The Robins were somewhat listless against the American Legion sextet on Monday night, February 11, when they trailed for the first two quarters but finally brought home a victory by the score of 35 to 23. The Robins were tired from their spectacular triumph over the College Park, Ga., Peaches the previous Saturday. Imogene Loy and Ruby McGinnis plunked 13 points each in the win.

### K-25 Jinx Prevails

The Cards ran up against their old jinx foes, the K-25 Blues, in the other half of the twin bill and dropped their third straight one-point loss to the K-25s. This one went overtime for a 39 to 38 Blue victory. The Y-12ers pulled up to a tie just as the regular game ended but in the extra session the winners bagged three points to two for our side. Walter Wolfe got 13 points for the Cards with Bill Corba getting 10 and Hamill eight.

The Lab lassies made a fight of it for the first period against the Robins, trailing by only one point, 7 to 6, but Sue started swirling the ball through the hoops and not an ORNler, even if they had a Katy in the lineup, could bar the door.

### Atlanta Mistake Costly

In the Atlanta encounter the Peaches had it tied up at 29-all at halftime and threatened to do something about the Robins' march through Georgia in the third period and first of the fourth. Behind only a couple of points, the Georgians made the mistake of trying to press the Y-12ers, who promptly slipped through for enough points to ice the contest. Ruby McGinnis tallied 14, Helen Brown 13, Sue Strange 11 and Imogene Loy 10 for the winners.

The Cards were caught short handed against AEC and after having a 10-10 tie at the first quarter began to slip without the services of Walter Wolfe. Bill Corba scored 21 points for the losers and Nelson got nine.

## Pistoleers Set New Mark To Defeat AEC Gunmen

The Y-12 pistol team edged out the AEC gunmen last Thursday by 149.518 to 144.782, the winner's

Y-12 Photo By Vince Moore  
RAPIDLY DEVELOPING INTO ONE OF THE STRONGEST women's basketball teams in the South is the Y-12 Robins, pictured above. In front, from left, are Imogene Loy, Helen Brown and Ruby McGinnis. In rear are Sue Strange, Shirley Brown, Peggy Dickens, Virginia Smith and Juanita Kirwan.

## Rusty Five Pinmen Take E Loop Honors; Maulers Hold Lead

The Rusty Five pinmen of the E League really went to town last Thursday night as they scored a three-point victory over the Easy Aces, first half of the season winners, with the triumphant team posting second round high scores. Clyde Bowles made a clean sweep in individual tallies with 233, 266, 556 and 655 across the board. His team had 861, 1055, 2360 and 2942 scores for tops of the night.

The Mezzanine Maulers maintained their spot at the top of the standings with a three-point win over the Dash Fours and the Stinkers gave the Three Ds the same dose. The only whitewash victory of the night was the walloping handed the Cut Ups by the Gophers.

League standing follows:

Team	W	L
Mezzanine Maulers	14	6
Three Ds	12	8
Rusty Five	12	8
Dash Fours	11	9
Easy Aces	9	11
Cut Ups	8	12
Gophers	8	12
Stinkers	6	14

## Rifle Team of Y-12 Loses Close Match To Juniors

With the five leading scorers well bunched, the plant rifle team was defeated by 2.5 handicap points last Thursday by the Juniors. The Y-12ers fire the Independents Thursday night, February 28. The last week scores were 962.382 for the Juniors and 959.880 for Y-12. The individual scores were J. D. Rose 158-192.574; J. M. Case 153-192.480; W. R. Rathkamp 183-192.201; L. H. Thiesen 157-192.065; and H. F. Dick 141-190.560.

score being tops for the season. For the victors the scratch and handicap scores were W. M. Stephen 223-291.877; J. K. Bair 270-291.675; M. C. LaVerne 268-290.416; J. D. Kingston 208-288.150; and H. C. Hoy 195-287.400. The win puts the Y-12ers in a tie with the Oak Ridge Police for the league lead with four wins and one loss each. The AEC and K-25 teams are tied at three and two, ORNL has one and four and the Independents have no wins and five losses.

## Strickettes Continue To Hold W League Lead With Triumph

The Strickettes struck two more blows for freedom last week by walloping the Kemps in the feature clash of the W League of plant women bowlers to maintain their two game lead in the circuit. The Controllers kept pace with the loop leaders by winning from the Make Ups by the same margin. The Cracker Jax crunched the Woes for two games out of three and the Hi Balls turned in the only whitewash victory by taking three games from the Mix Ups.

Bowlers on losing teams, however, posted the best individual scores of the session. Mary Brown, of the Make Ups, had a 199 scratch game and tied with Vera Peckman, of the Controllers, for the best handicap game of 235. Wanda McCord, of the Woes, posted a 470 scratch series, boosted to 620 with handicap. The Controllers swept all team scoring honors with scores of 748, 971, 2100 and 2769 across the board.

League standing follows:

Team	W	L
Strickettes	11	4
Controllers	9	6
Woes	8	7
Cracker Jax	8	7
Kemps	7	8
Mix Ups	6	9
Hi Balls	6	9
Make Ups	5	10

## Old Men, Toppers Climb In Standings Of D Bowling Loop

The Old Men and the Toppers of the D League advanced in the loop standings last week when they walloped the Vectors and Grocers respectively by three points. The victors took second and third places, the Grocers dropping from second to a tie for fourth. The Activators remained on top of the standings by a slim margin of one point as they divided with the Hoboes. The Woodchucks took the other engagement of the night from the Isotopes by three points.

The Toppers monopolized most of the team and individual scoring with the team posting 896, 1071, 2468 and 2991 across the board for second round high tallies. Parker helped his mates along with a 213

## Seventh Contest Draws Many Entries For Prizes, Trophies

Teams To Compete First Day Of Event; Prompt Appearance Is Urged

The timber will start toppling Saturday and continue through Sunday as the bowlers of Y-12 will stage the seventh annual plant-wide tournament at the Oak Terrace alleys. The tournament schedule has been prepared and is in the hands of the league secretaries for distribution at the league bowling sessions this week.

The tournament has drawn 22 men's teams out of the 36 in the four organized leagues in the plant. Five of the eight teams in the Women's League have entered the contest. Men's doubles will see 36 teams competing and eight women's doubles teams are entered. In singles 60 men will seek prizes and 11 women will compete. The mixed doubles event drew 19 teams.

### Teams Bowl Saturday

Team bowling will be staged at 10 a. m., 12:30 p. m., and 6 p. m. Saturday. Mixed doubles are scheduled for 3 p. m. and 4 p. m. Saturday. Doubles and singles will be rolled on Sunday, beginning at 11 a. m. and continuing through 9 p. m.

After ascertaining the time they are scheduled to bowl, every entrant is urged to be on hand at least 15 minutes ahead of time and be ready to go into action when due. Tardiness will result in a forfeiture.

### Prize Distribution List Slated

The prize money distribution will be posted at the Oak Terrace alleys after the tournament is concluded.

In addition to the prize money, many handsome trophies will be awarded winners and runners-up in the tournament.

## Guards Whitewash Short Circuits; Hurricanes Victors

Despite a whitewash victory by the Guards over the Short Circuits in the C League last week, the Hurricanes held on to a comfortable lead in the league by taking three points from the Moles. The Hornets also scored a shutout, taking four from the Thin Pins. The Orphans humbled the Hooks for three in the other match of the night.

Paddy Peckman, bowling for the Hurricanes, rolled a 212 scratch game and 240 handicap game for tops. The Hornets' Ross had a 554 scratch series and Elmore Koons, of the Orphans, a 646 handicap series. The Hurricanes had the best team scratch game of 857 and the Hooks the top handicap game of 1016. The Orphans rolled the best scratch series of 2423 and handicap series of 2924. The Hurricanes' scratch game and Orphans handicap series were high for the second round of play.

Team	W	L
Hurricanes	21	7
Guards	16	12
Hooks	16	12
Orphans	15	13
Hornets	15	13
Moles	11	17
Thin Pins	10	18
Short Circuits	8	20

scratch game, boosted to 249 with handicap and a 633 handicap series. Thomas, of the Hoboes, had a 534 scratch series for tops.

League standing follows:

Team	W	L
Activators	16	8
Old Men	15	9
Toppers	14	10
Grocers	13	11
Hoboes	13	11
Woodchucks	12	12
Vectors	9	15
Isotopes	4	20

**FOUR UNIVERSITY OF TENNESSEE FOOTBALL STARS** made a visit to the Father-Son Boy Scout box supper in Oak Ridge last week, telling the scouts of the benefits they obtained through scouting work. Here are a few of the youngsters who basked in the limelight of gridiron glory as in the back row from left are the footballers Vince Kasetta, Jim Haslam, Johnny Michaels and Andy Kozar. At right is Charles Engle, field commissioner of the Talahi District of Boy Scouts, to which the Oak Ridge troops belong.

**ONE OF THE LARGEST GATHERINGS OF BOY SCOUTS** and their fathers in Oak Ridge was held Monday night, February 11, at the father-son box supper. At far left with back to camera is Harry Carper, of K-25, chairman of the Merit Badge Committee for the local Boy Scout group, administering the Boy Scout oath to the nearly 700 Boy Scouts and their dads present. At right is Field Commissioner Charles Engle.

**Rides Wanted And Offered**

**Two Riders Wanted**—From East Knoxville, straight day, Samuel Kite, plant telephone 7605, home telephone 4-1190.

**Want To Join Car Pool**—From West Knoxville, A and B Shifts, Group No. 2. E. S. Lewis, plant telephone 7436, home telephone 4-7043.

**Three Riders Wanted** — From West Fifth Ave. and Richard St., Knoxville, straight day. G. A. Kirk, plant telephone 7793, home telephone 5-5224.

**Riders Wanted**—Every week end to Chattanooga. J. L. Ailey, Group 3, plant telephone 7135, home telephone Oak Ridge 5-9140.

**Riders Wanted**—From Clinton, straight day. Clyde Cook, plant telephone 7791.

**Ride Wanted**—From Rockwood, 7 a. m. to 3:30 p. m. shift. F. S. Hall, plant telephone 7766.

**FOREIGN OPERATION**

Through the League of Red Cross Societies and with the co-operation of national Red Cross societies, the American Red Cross aided victims of the Korean War, famine in India, floods in Pakistan, hurricanes in Jamaica and earthquake in El Salvador. In addition to aid in time of crisis, national Red Cross societies continued to help each other in the development of programs and services, with the American Red Cross especially active in this field.

**Physics Seminar Will Hear Talk On Y-12 Cyclotron**

Dr. Robert S. Livingston, of the Y-12 Electromagnetic Research Division, will speak on "Development of the 86-Inch Cyclotron" at a meeting of the Oak Ridge Physics Seminar at 4 o'clock Friday afternoon, February 22. The meeting will be held in the East Lounge of the Ridge Recreation Hall.

The 86-inch cyclotron was assembled and is in operation in the Y-12 plant area. It is the largest machine of its type east of the Mississippi River. All Y-12 technical and scientific personnel are invited to attend the meeting.

**Red Cross To Hold Class In Home Nursing Work**

The Oak Ridge Chapter of the American Red Cross will begin classes in home nursing March 27. Miss Mary Williams, nursing representative for the Southeastern Area of the Red Cross will come to Oak Ridge from Atlanta, Ga., to give the instruction. The classes will last for six hours every day for five days. A baby sitter will be on hand to care for all children of mothers taking the course.

Nurses recently completing the home course are Mrs. Lyle G. Overholser, Mrs. Ralph G. Nicol, Mrs. A. L. Gruenwald, Miss Gladys DeHart, and Miss Betty Standifer.

**Field Director Describes Work Of Red Cross In Korean Field**

Continued from Page 1

a forward ordnance company to deliver a message from his home town Red Cross chapter saying his small child had died. The chief of staff told me to take a plane to the forward airstrip and notify the serviceman's commander to send the soldier back to the airstrip to meet me. A helicopter was assigned to me and when I got to the forward airstrip I found the serviceman had been sent down in his commanding officer's jeep. That way I was able to talk to him within 27 minutes after receiving the message by cable from Washington.

**Death Messages Toughest Job**

"Death messages are the most unpleasant jobs we ever have to do. It is the responsibility of the Red Cross field director to break the bad news in the best way he can. Naturally we can't do it by telephone—it has to be done in person. Sometimes the family asks the Red Cross to pass the message to the man's chaplain to break the news. If I deliver the message myself I always ask the serviceman if I may take him to the chaplain—it always seems that a man appreciates a chaplain's comfort at a time like that.

"In my area is one of the Mobile Army Surgical Hospitals—we call them MASH units. There are no Red Cross girls in these MASH units because the patients don't stay there long enough to need regular Red Cross service. So the nearest SMI field director has to supply whatever is wanted. Twice a month I visit the MASH with ditty bags and cigarettes for the patients.

**Typical Handling Of Problem**

"One time when I was working on a case for a serviceman he was wounded and taken to the MASH before I got his problem straightened out. He was worrying because his wife hadn't written for a long time. He thought she might be sick, and when he finally got a letter from her she sounded so upset he worried all the more. I cabled his home town chapter and in a few days got an answer saying his wife had been ill, but was feeling much better. I went to the man's unit, found he had been wounded and taken to MASH. There I found he had just been evacuated to a medical clearing company. When I finally caught up with him I had traveled 157 miles in my jeep, but the news

made the wounded man feel a lot better.

"Every few days I have to take a trip to handle problems that are delicate, complicated or highly confidential—so complicated sometimes that the serviceman has to ask for emergency leave. The Red Cross can't get the leave or discharge for him, of course, but we help him make out his request and advise him how to go about it. On these trips I always load my jeep with comfort articles such as razors, shaving cream, towels, tooth brushes, playing cards and stationery. A three-day trip around corps area usually averages about 300 miles.

**Military Very Cooperative**

"The military are very cooperative. They provide me with food anywhere I have to stop and with gasoline, oil and maintenance for my jeep. You never can tell where you will end up spending the night, but the Red Cross man is always welcome and that makes the job much easier."

**Picture Contest Set On Topic Of 'People'**

A black and white photographic contest on the subject of "People" will be staged at the March meeting of the Carbide Camera Club to be held at 7:30 o'clock Tuesday night, March 11. The meeting will be held in the club headquarters in the Y-12 East Portal building. The subject provides plenty of latitude for members of the club, such as children, babies and adults, in groups or singly. As a result a large number of entries is expected.

The April contest will be a color slide contest on "Night Photography." Also included in future meetings will be an Anasco slide-illustrated lecture on "How To Make Better Color Pictures."

The Carbide Camera Club now has 32 paid up members for 1952. Members who have not paid their \$2 per year dues or Carbide employees wishing to join the organization are asked to communicate with Virginia Spivey, of the Y-12 Materials Chemistry Division, secretary-treasurer. Her plant telephone number is 7423.

The darkroom custodian until April will be R. W. Schroeder, president of the club, plant telephone 7527, home telephone 5-2607.

The plant average for the week ending February 10 was 4.2 per cent, .2 per cent higher than the preceding week.

**Y-12 Ready To Answer Appeal Of Red Cross**

Continued from Page 1

and expediting of communications. This and other home services of the chapter have been extended to many persons during the past year.

The blood donor program of the chapter is another major project. Under auspices of the local chapter last year, 670 pints of blood were collected in the July 1-November 30 period. This blood was provided by volunteer donors for use of Oak Ridgers and their families in the local hospital and other hospitals and was furnished by the chapter absolutely free of charge except for a processing charge made by the hospitals.

**Other Benefits Given**—Disaster relief, first aid and life saving courses, home nursing, an educational nutrition program and the Junior Red Cross are other features of the program of the chapter for the betterment of the health and welfare of the community.

So the slogan for the Red Cross campaign this year is—  
 "Answer the call."

**Y-12er Awaits Loot After Hole In One On Local Golf Links**

"It's an ill wind that blows no good, or somethin' like that," stated Bill Reynolds, Y-12 golfer and former All-Carbide tournament champion, after posting that

Bill Reynolds

hole in one at the Oak Ridge Golf and Country Club on Sunday, February 10. Bill is in the Y-12 Maintenance Shops Department. Reynolds now is sitting back awaiting the loot that goes along with such a golfing feat—including a case of cereal, an ashtray with his name engraved on it, membership in the "Hole In One Club" and other prizes awarded to such fortunate pasture pool artists.

Reynolds scored his ace on the No. 3 hole, a 120-yard project, using a No. 8 iron. Par on the hole is three strokes. It was Reynolds' first hole in one in 15 years of playing the game. His companions at the time were Ed Brock, Dr. John Cruze and Red McMillan.

His reference to the wind recalled the fact that a stiff breeze was blowing at the time Reynolds wound up and fired his shot. The ball soared into the teeth of the wind, dropped four feet from the cup and—rolled in.

**Y-12 and Elks Keglers Divide City Loop Clash**

The Y-12 men's varsity bowling team broke even with the Elks on Monday night, February 11, taking two games but losing total score. Figures show Y-12 with 817, 914, 844—2575; to 937, 832, 829—2598 for the Elks. Roy Roberts had the only 200 game for Y-12, a 203, which bunched with his 174 and 180 gave him a 557 series to lead the team. He was trailed by Ernie Cobble 189, 166, 180—535; Frank Gragg 155, 179, 191—525; Len Hart 156, 177, 155—488; and Jack Spears 143, 189, 138—470.

**JUNIOR RED CROSS ACTIVE**

Over 89,000 elementary and secondary schools were enrolled in the Junior Red Cross during the last fiscal year. Junior members sent 280,000 gift boxes, 380 school chests, 750 school correspondence albums, and nearly 5,000 paintings to children overseas. All Junior Red Cross international shipments during 1950-51 were valued at \$1,014,310.

**ORMCA To Present Pianist Leonard Shure In Concert**

Y-12 music lovers will be given an opportunity of hearing the internationally known pianist, Leonard Shure, when he will be presented in the Oak Ridge Civic Music Association's second professional concert of the season on Friday night, February 22. The concert will be held in the civic auditorium in the high school building with curtain time set for 8:15 p. m. Tickets for persons not holding season subscriptions to the ORMCA may be purchased at the box office on the night of the concert.

Shure began his musical education at the age of four years and made his concert debut in Berlin at 17. He has played with some of the country's leading orchestras and has presented solo concerts. Currently he is head of the piano department at the Cleveland Music School Settlement.

**SERVICE GIVEN IN HOSPITALS**

Every month last year there were 131,000 patients and domiciliary members in VA hospitals and homes. To serve these veterans, a monthly average of 22,100 Red Cross volunteers gave a total of 2,186,300 hours of service.
