

HERE ARE THE ARTICLES TO BE OFFERED AS INDIVIDUAL SAFETY AWARDS — 1. Canister set. 2. Dish drainer. 3. Coal oil lantern. 4. Hand warmer. 5. Pyrex refrigerator set. 6. Manicure set. 7. Chisel set. 8. Automobile visor carry-all. 9. Outside thermometer. 10. Adjustable wrench set. 11. Hand drill.

Dr. A. B. Kinzel Known By Many In Y-12 Plant UCC Official Is Named AIME 1958 President

Many Y-12ers are well-acquainted with Dr. Augustus B. Kinzel, Union Carbide and Carbon Corporation Vice President in Charge of Research, recently elected president of the American Institute of Mining, Metallurgical and Petroleum Engineers for 1958. Dr. Kinzel has visited the Y-12 Plant on several occasions during the past several years.

As president of the AIME he will serve for one year, taking office in February of 1958. Carl E. Reistle, Jr., Houston, Tex., Vice President of the Humble Oil and Refining Co., is the current president of the organization. Grover C. Holt, Ishpeming, Mich., General Manager of the ore mining department of the Cleveland-Cliffs Iron Co., now president-elect, will head the AIME beginning February of 1957.

Born in New York City
Dr. Kinzel was born in New York City. He received a Bachelor of Arts degree cum laude in mathematics from Columbia University, a Bachelor of Science degree in engineering from Massachusetts Institute of Technology, the degrees of Doctor of Metal-

Early Return Of Selection Cards For Awards Is Urged

December 19 Is Set As Deadline For Picking
Choice Of 11 Articles Offered For Safety Period

Individual safety award selection cards have been distributed throughout the Y-12 Plant Area to approximately 6,000 Union Carbide Nuclear Company employees eligible for awards for having participated in the 17th Union Carbide Safety Period in the plant. Although careful consideration of choice is urged, the UCNC employees eligible for the awards are requested to return the cards to Supervision as soon as possible so that the articles chosen can be purchased and distributed in the shortest possible time.

A deadline of Wednesday, December 19, has been established for final return of the cards to the Safety Department. It is believed that the approximately two weeks given employees to make their choice will allow all UCNC personnel an opportunity to fill out their cards.

In the picture above is shown the 11 articles finally chosen by a UCNC vote in the Y-12 Plant Area to be offered as the individual safety awards. They include a four-piece canister set, dish drainer, coal oil lantern, hand warmer, four-piece Pyrex refrigerator set, manicure set, four-piece chisel set, automobile visor carry-all for holding such items as sun glasses, automobile registration cards and other material, outside thermometer, two-piece adjustable wrench set and a hand drill.

The articles will be on display at the Safety Department, Bldg. 9704-2, north wing, first floor. Leaflets with the picture appear-

SAFETY SCOREBOARD

The Y-12 Plant Has
Operated
34 Days Or
1,052,874 Man-Hours
(Unofficial Estimate)
Without A Disabling
Injury
Through December 2

ing in The Bulletin also will be distributed in the plant.

A string of 69 days from August 15 through October 22, inclusive, was worked without a disabling injury in the Y-12 Plant Area by UCNC employees to establish the 17th Union Carbide Safety Period. During that time 2,185,455 man-hours of plant operations were performed.

A REAL COOL NOTION

In New Britain, Conn., police caught up with a man suspected of stealing a chicken from a market. His explanation that the bird "just flew under my coat" failed to stand up when it was found the fowl was frozen.

Y-12 Dance Party Set Friday Night At Terrace Offers Fun For Everyone

Larry Dunn's Orchestra To Perform For Hop;
Turkey, Ham And Fruit Baskets To Be Presented

WHAT: Annual Y-12 Dance Party for all Y-12 employees.
WHERE: Oak Terrace ballroom, admission \$1 per person, including tax.
WHEN: 9 p.m. to 1 a.m., Friday, December 7.

Come one—come all is the invitation sent out by the Recreation Department to Y-12ers throughout the vast plant area.

The event prompting this message is the annual Y-12 Dance Party, the outstanding social and fun event of the year for all Y-12ers, scheduled for Friday night of this week, December 7, at the spacious Oak Terrace ballroom. Starting time is 9 p.m., and the fun will continue right up to 1 a.m.

Old Santa's sack couldn't hold the fun and surprises planned by the Recreation Department for this gala event. Of course, dancing will be the principal activity of the night as guests at all previous Y-12 dances have indicated their preference for tripping the light fantastic to other forms of entertainment.

New Vocalist On Program

Music for the dancing will be provided by Larry Dunn and his orchestra. This group of musicians has played for several Y-12 dances in the past and its ability to produce toe tingling tunes is well known to throngs of Y-12ers who have attended these events. The band has acquired the services of a new vocalist, Patty Ann Cox, for the Y-12 Dance Party and she will offer numerous and frequent songs during the night.

Four lucky guests will find themselves winners of lucious holiday victuals during the evening. Drawings will be made for a fine young tom turkey, a juicy ham and two fruit baskets that will each include a fruit cake.

No One Ever Disappointed

The annual Y-12 Dance Parties and other plant-wide dances presented by the Recreation Department during the year have as their principal objective presenting all Y-12ers an opportunity to mingle socially—to meet old friends and make new ones. In this respect they have been exceptionally successful. There hasn't been a known case of anyone leaving one of these parties without thoroughly enjoying themselves.

Tickets for the Dance Party are only \$1, including tax. In keeping with past policy, no table reservations will be taken and they will go on a first-come, first-served basis.

Instrument Group To Hear Dr. Ward Speak Thursday

Dr. Frank B. Ward, dean of the College of Business Administration of the University of Tennessee in Knoxville, will speak at a meeting of the Oak Ridge Section of the Instrument Society of America tomorrow night, Thursday, December 6. The meeting will be at 7 p.m. at the Deane Hill Country Club with Dr. Ward's talk following a fried chicken dinner.

It will be a "ladies' night" meeting for the organization and following the dinner and Dr. Ward's talk on "The American Ingredient," there will be dancing. Dr. Ward holds degrees from Denison University, University of Cincinnati and the University of Pennsylvania and has been at the University of Tennessee since 1929.

Record Throng Seen At Children's Parties

Time Is Growing Short
To Apply For Tickets

A record throng of milling youngsters between the ages of two and 10 years is expected to turn out for the Union Carbide Nuclear Company Children's Christmas Parties scheduled for Monday, December 24. Applications from Y-12 parents for tickets to the parties for their small fry continued to pour into the Recreation Department all last week and through last week the record showed 333 applications for 1,114 children's tickets had been received and the tickets mailed to the homes of the parents.

By filing their applications early, these parents have assured themselves of their choice of times for the four parties to be given at the Oak Ridge High School auditorium at 9 a.m., 11 a.m., 1 p.m. and 3 p.m. and for the one at the Gamble Valley School gymnasium at 11 a.m.

An application blank is published on Page Four of this edition of The Bulletin and as time is growing short all Y-12 parents who have not yet asked for their tickets are urged to do so at once. In order to give every Y-12 parent the greatest opportunity to obtain tickets to the Christmas Parties for their youngsters, the application blank will be published just once more—in the edition of December 12.

Because of the holiday mail congestion and press of time—it is necessary to set a deadline of Wednesday, December 19, for all applications to be in the Recreation Department office, Room 226, Bldg. 9704-2. This will allow time for mailing of all tickets to the homes before the parties.

Movie cartoons, gifts of stockings, a greeting by Santa Claus and other features will mark the programs of each of the Christmas Parties—and they will be the same at each of the events.

DELICIOUS DISHES TOP Y-12 SPECIAL LUNCHES

Delicious December dishes are featured as entrees on the Y-12 Special Lunch to be served at the Cafeteria tomorrow, Thursday, December 6; and next Tuesday, December 11. The main dish on the 50-cent Special Lunch tomorrow will be roast beef hash. Next Tuesday chicken croquettes with parsley sauce will be served. Each Special Lunch also includes one vegetable, choice of salad or dessert and rolls and butter.

Y-12er Made President Of Civil Engineer Body

J. W. Minchey Honored By Oak Ridge Group

Another Oak Ridge technical group has elected a Y-12er as its chief presiding officer for the coming year, John W. Minchey, a general foreman in the Buildings and Grounds Department, having been named president of the Oak Ridge Sub-section of the American Society of Civil Engineers at its November meeting. He took office at that meeting.

J. W. Minchey November meeting. He took office at that meeting.

Minchey is a native of Chapel Hill, Tenn., and graduated from Tennessee Polytechnic Institute at Cookeville in 1940. He has been a Y-12er since February, 1953.

Minchey announced last week that another Y-12er will be the principal speaker at the December 13 meeting of the group at the Ridge Recreation Hall. He will be R. E. Hulmes, of Project Engineering. His topic will be "Aspects of Design and Development of the Synthetic Rubber Plants."

The organization meets on the second Thursday of each month. It has about 40 members, many of them being Y-12 employees.

Get well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

Martha K. Nelson, Raymond Gillespie and Malcolm Massey, Production Analysis; Hubert Myers and Hillard Applin, Buildings and Grounds; Bobby L. Powers, Beta Two; Robert S. Morris, Piping and Civil Engineering; William F. Smith, Electrical Maintenance; James T. Creasman and Joseph P. Shuttle, General Machine Shop; L. C. Manley, Janitors.

Mrs. Robert T. Guice

In a ceremony at the Oak Ridge First Baptist Church Wednesday, November 21, Miss Gladys D. Turpin, of the K-25 Process Division; became the bride of Robert Thomas Guice, of the Y-12 Research Services Department. The wedding vows were read by the Rev. Fred Rutter, of the First Baptist Church of Kingston, Tenn.

The bride is the daughter of Mr. and Mrs. W. R. Douglass, of Hendersonville, N. C. Parents of the groom are Mr. and Mrs. J. G. Guice, of Childersburg, Ala.

During the ceremony nuptial music was played by Amelia Henley, pianist.

The bride was attended by Mrs. J. A. Packard as matron of honor. Best man was Robert Kinser.

The couple is at home at 119 Nesper Road, Oak Ridge.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days:

Odevia Sharp, Chemical, December 8.

Capt. William R. McGill, Fire Prevention and Control, December 9.

Symphony 'Pop' Concert Set For Friday Night

The first "pops" concert in history by the Oak Ridge Symphony orchestra will be presented at 8:15 o'clock Friday night, December 7, at the Oak Ridge High School auditorium. This is a benefit concert for the scholarship fund of the orchestra and not one of the regular series.

Well-known favorites by Gershwin, Rodgers and Kern and several Dixieland numbers will be presented. Soloist will be Mrs. Genevieve Johnson.

Youse wise guy husbands in Y-12 — take this tip when you might have a row with the Little Woman. Meet the crisis with a firm hand — full of candy and flowers.

With that crisis over — let's ramble around the premises and see what's going on. Okay?

INDUSTRIAL RELATIONS

Latest romantic news from the Security Department — Gwenda Fletcher has received her engagement ring (what a sparkler!) from Byron North, Piping and Civil Engineering—but no wedding date has been set yet . . . The department is about back to normal with two long-time ailing folks back on the job — Irene Reed and Bill Davis.

The Safety Department was concerned about Laurene Holcomb 'tother day—she was diagnosed as having an acute case of tonsillitis, so get well wishes are sent her way . . . The department used all safety precautions against falling on face, tripping, clipping from the rear and other hazards when the red carpet of welcome was rolled out for Fred Childress, new safety engineer.

Jesse J. Guinn, Jr., Training, now can rightly claim the title of "counselor"—he was sworn in as a member of the United States Federal Court last week.

Colum Conductor George Dobbs went up to Charleston, W. Va., last Friday to see "how the other half lives," attending an annual dinner for reporters of the Carbide News, monthly magazine of Carbide and Carbon Chemicals Company, Y-12's old alma mammy. The shindig was called a "head shrinking" party and was a real clambake.

SHIFT SUPERINTENDENTS AND GENERAL UTILITIES

A. H. Norman, the old Whistle Tooter from the Department of Manufacture of Steam, was a homebody vacationer recently and climaxed it by attending the UT-UK football game . . . George Everitt attended the American Society of Mechanical Engineers convention and power show in New York last week . . . Ken Bernander and folks vacationed in Mississippi and took in the Ole Miss-Mississippi State gridiron goings on.

Finley Creigh, B Shift Superintendent, entertained his brother from Charleston, W. Va., over the Thanksgiving holidays . . . Jean Granstaff spent the past week end at her home in Dowelltown, Tenn., (where the dowells come from) . . . H. D. Duncan looked over the Middle Tennessee scenery around Franklin during a recent week end.

General Utilities sends get well wishes to ailing A. H. Gough, P. L. Beeler and K. C. Caughron . . . C. D. Langley is catching up with his Christmas shopping this week

—that's a good tip to a lot of Y-12ers . . . C. T. Selvidge planned a trip to Chattanooga this week.

FINANCE AND MATERIALS

Ben Hope, who has been an Oak Ridge Hospital patient, is receiving rapid recovery wishes from Property Sales . . . So is Charlie Butler—yep, he's got the mumps. . . Sympathy is extended George Sloan, whose brother died November 26 . . . Gwenn Lindsay enjoyed a week off in Lenoir City.

TECHNICAL

Special Testing extends condolences to W. T. Carey, called to Detroit because of the death of his grandfather . . . John Hurst and family visited relatives in Memphis recently . . . J. W. Nicely vacationed quietly at home in Oak Ridge . . . F. A. Schimmel and folks went to Florida.

Sympathies are extended by Mechanical Inspection to Mr. and Mrs. R. W. Sweeney and family, whose baby daughter, Susan, died Sunday, November 25, on her first birthday . . . Christmas shopping, doing odd jobs around the house and football games occupied the vacations at home in Knoxville by Richard Dean, Max Goins and—this is NOT the counselor mentioned in Industrial Relations news but a fine lady — Jessie Guinn . . . Bill Hackett spent the Thanksgiving holidays with his parents in Richmond, Ind. . . E. L. Henson practiced his pet hobby of deer hunting while vacationing.

ALLOY

Alpha Four is patting H. N. Bishop on the back over becoming the proud father of a baby boy on November 24—little Russell Lee weighed seven pounds, nine ounces . . . Neal Dow is the new horseshoe pitching champion of the Alloy Division, having beaten Dave Jennings two out of three games in a "sudden death" playoff . . . L. E. Pate and W. C. Asbury tried out the deer hunting around Cade's Cove, but no reports as yet . . . Same from Leroy Copeland and his dove hunting . . . Tony Caputo is back from a visit to his family in Ohio . . . R. E. Kirby just took things easy around home in Oak Ridge . . . Glen Mowery also has returned from vacationing around the Tri-State Area with his fishing line.

MECHANICAL OPERATIONS

H. D. Keylon, F Mechanical Operations, the muchly maligned Mayor of Midtown, is taking out a justifiable homicide license against pals (?) who have been asking him if it's true he swapped those registered bullfrogs for Chinese chickens and a ring-tailed mongoose to boot . . . Ernie Collins, softball pitcher of note, now is battling for a berth on the Rebels softball team . . . M. F.

Miss Marsha Gallups

The engagement of Miss Marsha Gallups, daughter of J. T. Gallups, of the Y-12 Process Maintenance Department, and Mrs. Gallups, who live in Clinton, Tenn., to James Hipp, of Birmingham, Ala., has been announced by the parents of the bride-elect.

Hipp is a four-year veteran of the United States Navy and is employed in Birmingham. Miss Gallups is attending school there.

No date has been announced for the wedding.

Hazelwood is another chap who may join Mayor Keylon if folks don't stop kidding him about that wellhouse . . . C. W. Stegall is welcomed back after a brief illness and get well wishes are sent C. E. Day in Knoxville's Baptist Hospital . . . Condolences are extended Milton Jennings, whose mother died in Huntsville, Ala., last week.

D Mechanical Operations welcomes J. W. Rolston back to work after a long illness . . . B. E. Rowland had hopes of bringing back a 12-point buck from his hunting trip to West Virginia—the Colyum hopes to keep its breathless readers informed.

Tim Watt, A Mechanical Operation's fine reporter for the Colyum, vacationed at home in Lenoir City last week—but the replacement done noble with news . . . Get well wishes are sent E. L. Pugh, J. B. Kimsey and K. A. Bivens, the latter recovering from recent surgery at Bacon Hospital, Loudon . . . Vacationers of late include R. M. Kristich, out in sunny (?) Texas; B. M. Miller, another Virginia deer hunter; and B. O. Griffin, staying at home in Knoxville.

General Machine Shop has been congratulating two new Proud Pops—J. B. McConnell has a new son born in Oak Ridge Hospital November 18 and is taking a week to help out with the young 'un . . . G. D. Butters' baby girl arrived Thanksgiving Day, November 22.

Continued on Page 4

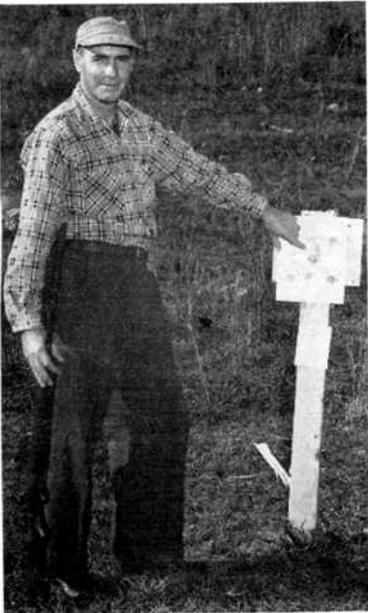

A SHIFT Y-12ERS TURNED TO THE DANCE FLOOR after their recent turkey shoot November 20 and kicked up their heels at the Eagles Club. In the picture at left O. M. Blackwell, A Shift Superintendent, second from left, hands a ticket for a turkey as door prize to J. B. Ogle, left, as Wayne D. Smith, A Shift Recreation Committeeman, looks on. A part of the Dave Blessing orchestra—the leader also is a Y-12er—is seen in the background. The

center picture is of a bunch of dancers at the affair while at right a congenial group is relaxing between dances. From left are George Evans and Mrs. Evans, Guy Smith and Mrs. Smith (the former Virginia Bowers), and Charley Wuest and Mrs. Wuest. All Y-12 shift employees have been active with recreational activities during the year.

THIS IS NOT THE HOME GUARD OF Y-12 ATTACKING POLECAT Ridge—it is the firing line at the recent enjoyable C Shift turkey shoot, attended by some 50 aspiring sharpshooters. At left below is J. W. Jones, of the Alloy Division, who won the first turkey in the shoot, proudly pointing to the punctured bullseye that won him the fowl.

Evening Shift Lead Goes To King Pins

A four-point whitewash victory by the King Pins over the Hot Shots shoved the winners into first place in the Evening Shift Bowling League's last reported alley activities. Meanwhile, the Alley Cats dropped a similar decision to the Do Littles to toss those two keglering outfits into a tie for second place in the league. The Sure Shots and Gutter Ballers split four points.

Compton, Do Littles, had individual scratch scoring leads for the session with a 202 game and 536 series. Top handicap scores were a 254 game and 654 series by Brown, King Pins. The King Pins took all team scoring honors with a 773 scratch game, boosted to 1005 with handicap; 2212 scratch and 2938 handicap series.

League standing follows:

Team	W	L
King Pins	23	9
Alley Cats	20	12
Do Littles	20	12
Gutter Ballers	14	18
Hot Shots	11	21
Sure Shots	8	24

SMALL FAMILIES GROWING

There are more three and four children families in the nation today than in a generation, meaning a continued expansion of business to meet their needs.

MANY SEEDLINGS PLANTED

The nation's forest industries planted about 240,000,000 seedlings on their land during 1956 to insure plenty of timber for tomorrow's needs.

Knockouts, Pin Cats Win Whitewashes

The Knockouts and Pin Cats each picked up four-point whitewash wins in Mixed League bowling activities last week with the Nip and Tucks and Units, respectively, being the victims. The league-leading Clippers also accumulated four more points to their win record with a forfeit from the defunct Alley Cats. In the other match the Oleos took three from the Scrappers.

J. C. Bryan of the Clippers, rolling for record, had the best game scores of the session with a 195 scratch game, boosted to 229 with handicap. Tom Hillard, of the Scrappers, rolled a 508 scratch series and Gene Ware, Knockouts, a 626 handicap series. In team scoring the Clippers posted the best scratch scores of a 622 game and 1739 series. The Knockouts' 779 handicap game was tops as was the 2247 handicap series of the Pin Cats.

League standing follows:

Team	W	L
Clippers	41	3
Scrappers	27	17
Units	25	19
Knockouts	23	21
Oleos	21	23
Nip and Tucks	20	24
Pin Cats	19	25

Physical Fitness Class Starts Well

The opening session of the Union Carbide Nuclear Company physical fitness class on Tuesday night, November 27, drew 19 UCNC employees seeking relaxation and exercise. Under the direction of Harold "Herky" Payne, former University of Tennessee football player and now recreation supervisor of Oak Ridge National Laboratory, the class took a stiff course in calisthenics and then played volleyball, basketball and badminton.

The physical fitness class will meet at the Jefferson Junior High School gymnasium at 7:30 o'clock every Tuesday night and all Y-12ers as well as other UCNC employees are invited to turn out. No prior registration is required—all that is required is to be at the school at the set time. Various activities to suit the desires of individuals will be installed if possible.

Hawks, Hunters Tie In Volleyball Loop

The Hawks and Hunters teams in the Y-12 Volleyball League each posted wins last week to remain tied at the top of the loop standings. The Hunters beat the John Gregory team two straight games, 15-10 and 15-9. The Hawks trimmed Charley Peterson's outfit two straight, 15-13 and 15-7. The Sooners were not scheduled.

League standing follows:

Team	W	L
Hawks	9	0
Hunters	9	0
Sooners	0	6
Gregory's Team	0	6
Peterson's Team	0	6

Remember—Only you can PREVENT FOREST FIRES!

Nine-Team Y-12 Plant Basketball Loop To Start Play This Week At Robertsville And High School

All-Carbide Tourney Follows Regular Slate

The Y-12 Plant Basketball League was scheduled to begin activities on Tuesday night of this week in its opening clashes for what is expected to be a banner season for the loop. Nine teams have signed up to launch the season with all managers vowing to stick in there until the last whistle is tooted to end the schedule.

League contests will be played on Tuesday, Wednesday and Thursday nights at the Robertsville Junior High School and Oak Ridge High School gymnasiums. The Tuesday and Thursday games will be at Robertsville and the Wednesday tilts at the high school. Game times will be at 6 p.m., 7:15 p.m. and 8:15 p.m.

Split Season Is Scheduled

Plans call for the season to be divided into two halves with a playoff, if needed, to be staged by the winners of the first and second halves of the season to decide the plant championship.

Following the regular basketball league season in the Y-12 Plant, the Oak Ridge National Laboratory and the K-25 Plant, an All-Carbide tournament for basketball teams in the plant leagues of the three Union Carbide Nuclear Company installations will be staged to determine the Oak Ridge UCNC championship.

Practically all of the nine teams entered in the Y-12 Basketball League this season are composed of Y-12ers working shift schedules. This has made drawing up a schedule for the league rather a tough job for the Recreation Department, but it has risen to the challenge.

Regulations Are Adopted

Among the regulations for league play adopted by team managers last week in a final organizational meeting are rules to insure continued operation of the loop, even if some team might encounter difficulties and drop out. The rule provides for the league to drop any team that forfeits three games in either half of the season. Players on such teams will be declared free agents with the remaining teams selecting their choices of the athletes, beginning with the lowest ranking remaining team in the league.

Here are the nine teams and their managers that will open the season this week:

Wizards, Paul Miller; Rebels, J. L. Brown; B Bombers, Gib Hatmaker; Sharpshooters, M. T. Little; D Swingers, Bradley Napier; Cubs, Curt Ridings; Also Rans, A. C. Wright; C Hawks, Bob Morrow; and Wildcats, Jake Steele.

Deltas Take Over Lead In C League

The Deltas moved out in front in the C League standings last week with a three-point triumph over the Rusty Five while the Murderer's Row kegglers were taking it on the chin by the same count from the Sooners, who tied their victims for second place in the plant bowling loop. The Hornets stung the Cards by three and the Q Balls and Engineers split four points.

McAlister, Engineers, had the best game scores with 191 scratch, boosted to 228 with handicap. Morrow, Murderer's Row, topped the series scores with a 500 scratch and 590 handicap.

League standing follows:

Team	W	L
Deltas	31	17
Murderer's Row	29	19
Sooners	29	19
Q Balls	26	22
Rusty Five	24	24
Hornets	22	26
Engineers	21	27
Cards	11	37

HERE IS THAT GIANT SAUGER PIKE caught recently by James R. Cootes, of the Y-12 Product Processing Department, that stirred up quite a flurry at the time of the feat by the Y-12er. Caught at Swan Pond, the big fish first was believed to be a cross between a sauger and a walleye, but later was definitely identified by a taxidermist and a fishing authority as a true sauger. The giant weighed six pounds, eight ounces, believed to be a record for this specie of fish and has been entered in the Y-12 Annual Fishing Contest that ends December 31.

Rippers And Wasps Open Second Round Of Play With Wins In Classic Pin League

The Rippers and Wasps got away to fast starts in the second round of play in the Classic League of plant bowlers last Thursday night at the Oak Terrace alleys. Each scored four-point whitewash wins over the Rebels and Tigers, respectively.

The Rippers and Bumpers tied for the first round title, each with 30 points won and 14 lost. The tie will be rolled off at the first meeting of the teams in the second round of play.

The Cubs, All Stars and Playboys each got three-point wins as the second of three rounds of play got underway. Their victims were the Has Beens, Swingers and Screwballs. The Wolves and Bumpers split their four points.

Individual performances by Al Groppe and Nelson Tibbatts helped the Rippers to their win. Groppe had a fine 588 scratch series, boosting it to 673 with handicap. Tibbatts had a 243 handicap game. R. P. Wallace, Wasps, rolled a 213 scratch game. The Rippers had most of the team scoring tops with a 948 scratch game, 2624 scratch series and 3032 handicap series. The Wasps buzzed in with a 1085 handicap game.

League standing follows:

Team	W	L
Rippers	4	0
Wasps	4	0
Cubs	3	1
All Stars	3	1
Playboys	3	1
Wolves	2	2
Bumpers	2	2
Screwballs	1	3
Swingers	1	3
Has Beens	1	3
Tigers	0	4
Rebels	0	4

Table Tennis Lead Goes To K-25 Man

W. B. Motley has taken over the lead in the Union Carbide Nuclear Company table tennis ladder, replacing Y-12er P. J. Preston, in the standings announced November 26. Preston was in second place. Other Y-12ers in the competition are John Harrington, 4; Red Brewer, 6; John Peters, 8; Mike Laggis, 14; and Bill Ivey, 18. A total of 32 players are listed on the ladder.

Because of other use of the Wildcats' Den, Oak Ridge Turnpike and Robertsville Road, where the table tennis play is conducted, there will be no action during the month of December. However, play will be resumed in January.

Meanwhile, plans are being laid for matches between the three top players in the Oak Ridge ladder and a trio from Nashville and a similar engagement with Atlanta players may be arranged.

Bumble Bees Buzz At Top Of B Loop

The Bumble Bees are buzzing along at the top of the B Shift Bowling League standings as a result of their three-point win over the Crocodiles last week. However, they were being challenged by the Challengers, who blanked the Alligators for four points; and the Seven Ups, three-point victors over the Ramblers.

Bernie Corbett, Crocodiles, posted a 193 scratch game, boosted to 236 with handicap, for tops of the night. Gib Hatmaker's 493 scratch series and F. J. Kennedy's handicap series also were best of the session. The Seven Ups led in team series scoring with 2133 scratch and 2768 handicap. For single game figures the Ramblers had 723 and 978.

League standing follows:

Team	W	L
Bumble Bees	27	17
Challengers	26	18
Seven Ups	25	19
Ramblers	22	22
Crocodiles	19	25
Alligators	13	31

20 Players Report For Badminton

A bunch of 20 bird batting badminton players turned out for the opening session of the Union Carbide Nuclear Company battledore and shuttlecock players last Thursday night at the Jefferson Junior High School gymnasium. Of these, six were feminine athletes.

The three UCNC plants in Oak Ridge hope to form a league with play in doubles for both men and women and mixed doubles. Meanwhile all UCNC folks wanting to play the popular and fast game are invited to come out to the Jefferson gymnasium from 8 p.m. to 11 p.m. every Thursday. Three courts are available for play and plenty of racquets and birds are available.

December Presents Pearl Harbor Day—Also Christmas

Now comes December — the 12th and last month of the year—with its share of important dates and anniversaries. The brilliant poinsettia is the flower of the month and the birthstones are a turquoise or zircon.

Let's take a look at some of the more interesting events in December.

December 1, 1891—A new and fast game called "basketball" was demonstrated at the Y.M.C.A. in Springfield, Mass. The first baskets were peach baskets nailed to a wall.

December 7, 1941 — This date will live in history as one of infamy against the United States—the sneak attack by Japanese air forces on Pearl Harbor that crippled the United States fleet and killed and wounded many thousands of Americans.

December 9, 1907 — The first Christmas seals, designed and printed by a Delaware woman, went on sale.

December 17, 1903—Orville and Wilbur Wright, of Dayton, Ohio, soared three miles in their "flying machine" at Kitty Hawk, N. C.

December 21, 1620 — The Pilgrims arrived from England on the

Stackpole Is Named To High UCC Post

Beal started with Union Carbide and Carbon Corporation in March, 1937, becoming Manager of Construction, Engineering, and Operations for Union Carbide Ore Company in 1956. Beal received the degree of Civil Engineer from Cornell University, class of 1925.

Former Y-12er To Talk At AIChE Meeting

Floyd Culler's Topic Is Waste Disposal

"Problems in Radioactive Waste Disposal" will be the subject of an address by Floyd Culler, former Y-12er now with the Oak Ridge National Laboratory, at a meeting of the Knoxville - Oak Ridge Section of the American Institute of Chemical Engineers tomorrow night, Thursday, December 6.

Floyd Culler
The meeting will be at 8 o'clock at the Knights of Columbus Hall in Oak Ridge.

Culler is a graduate of Johns Hopkins University, where he received a B.S. degree in chemical engineering in 1943. He was one of the early employees in Y-12 and was transferred to ORNL in 1947.

Dr. A. B. Kinzel Known By Many In Y-12 Plant

Continued from Page 1
lurgical Engineering and Doctor of Science from the University of Nancy in France, and an honorary degree of Doctor of Engineering from New York University.

Dr. Kinzel has been actively engaged in research work with Union Carbide for the past 30 years. His research contributions have covered a wide range of activities in the fields of metallurgy, industrial gases, and atomic energy.

Pioneered Titanium Research
One of the country's leading research metallurgists, Dr. Kinzel pioneered in the theory of stainless steels. Recently, he spearheaded the research that led to the development of Union Carbide's new process for making titanium metal. More than 40 patents have been issued in his name.

He has served as consultant to various Atomic Energy Commission installations, including the Oak Ridge facilities and those at Los Alamos, Argonne, The Knolls and Brookhaven Laboratories. As a member of the initial Manhattan District Committee for the World Control of Atomic Energy, he helped draft the classified report that was the working basis for the Lillenthal and Baruch plans. During World War II, he also held key advisory posts in the ordnance fields.

An accomplished linguist, Dr. Kinzel has lectured to audiences in many countries abroad, including France, Italy, Germany, Austria, and Sweden. In this country, he has given many lectures before various technical societies.

HUMAN INTEREST AND STILL life pictures took first and second places in the Y-12 Weekly Photographic Contest for the week ending November 23. Dave Alford, Beta Two, submitted the first place picture, at top, showing a park visitor feeding pigeons. A Great Smoky Mountain view by J. H. Stewart, Jr., Production Analysis, bottom, took second place.

Continued from Page 2
weighing seven pounds, 15 ounces and was named Shari Craig . . . From happiness to sadness—condolences are extended C. L. Newman, Jr., whose father died November 22 in Knoxville . . . The department warmly welcomed a flock of newcomers last week—to wit: J. A. Morrison, J. M. DeForest, J. R. Williams, A. G. Steele, E. E. Hickman, Buck Hale, Jr., R. E. Gibson, H. L. Brown and M. L. Crawford . . . Get well wishes are sent J. P. Shuttle in Oak Ridge Hospital and also to L. R. Brooks, out because of illness.

MAINTENANCE

Mildred White, Maintenance Planning, and sister Lorraine didn't realize how small their apartment was until they entertained their family on Thanksgiving — present were mother and father and aunt and uncle from Dowlletown and a sister from Lenoir City to enjoy the turkey and trimmings . . . **Joyce "Babe" Williamson** is back after a siege of cold — Old Man Winter sure knows how to get po' little Y-12ers on the ailing list real quick . . . Get well wishes to the husband of **Sarah Corum**, in Oak Ridge Hospital.

Research Services extends sympathy to **D. H. Loveday**, whose brother-in-law died recently . . . Also to **R. H. Clary** on the recent death of his mother . . . **W. V. Yaden** has become a commuter, the family having moved to their newly purchased home in Maryville . . . **F. M. Barnes** is the optimist — promising deer meat to pals before leaving on his hunting safari.

This yarn beat the Colyum Conductor back from the Charleston "head shrinking." After the convivial night he showed up at breakfast with a non-shrunken head.

"Well," greeted the waitress, "how do you feel this morning?"
The Colyum Conductor — from Deep Dixie, incidentally—eyed her tartly.

"I feel like the devil, m'am," he boomed, "just like any Southern gentleman SHOULD feel at this hour of the mawnin'."

Rides Wanted, Offered

Car pool participants wanted from North Knoxville via Oak Ridge Highway to any portal, straight day. Harold Goldston, plant phone 7-8211, home phone 2-4966, Knoxville.

Ride wanted or will join car pool from West Haven, Knox County, to any portal, H Shift. C. A. Proffitt, plant phone 7222, home phone 8-1901, Knoxville.

Ride wanted or will join car pool from Latimer Road, Oak Ridge, to Central Portal, E Shift. J. D. Hart, home phone 5-6772, Oak Ridge.

Don't forget to lock that safe or filing cabinet containing classified information at the end of every day.

Application For Tickets

To
Christmas Parties For Children Of Carbide Employees
Two To 10 Years Old, Inclusive
MONDAY, DECEMBER 24

Oak Ridge High School Auditorium
Gamble Valley School Gymnasium

Employee's Name _____ Badge No. _____

Home Address _____
(Please Print, Street Address, R.F.D., City)

NUMBER OF TICKETS NEEDED, including parent _____

— Time Preferred —

Oak Ridge High School — 9 a.m. _____ 11 a.m. _____ 1 p.m. _____ 3 p.m. _____

Gamble Valley School 11 a.m. _____

Please check first and second choice (write in space "1" or "2") as only a limited number of tickets will be issued for each party. Preference will be given early applicants and if tickets for first choice are exhausted, tickets for second choice will be issued.

Return this form, properly filled out, immediately to the Y-12 Recreation Office, Room 226, Bldg. 9704-2. The required number of tickets will be mailed to parents at their HOME ADDRESS.
