

6-10547

MOST OF PRODUCT PROCESSING FOLKS gather to pay respects to John G. Dinsmore, retiring May 31, seen in center of second row. The many fond words spoken of the retiree attribute to his long history of faithful and pleasant work. Mrs. Dinsmore, of Laboratory Operations, is seen directly at Dinsmore's left.

May Poster Contest Closes Next Week

'Self Analysis—In Respect To Safety' Theme

The poster contest for May will close next Wednesday, May 31. Current subject is "Self Analysis—In Respect to Safety." Offered as prizes for the current competition are the popular food slicer and the extension lamp on a reel as first and second awards consecutively.

All entries must be in the hands of the Safety Department by Thursday morning, June 1, at 8 a.m. Entries sent through the mails must be post-marked before that day.

The theme is the Safety Agenda to be used in August. First-place winner's idea will be adapted for plant-wide use in the safety campaign for that particular month.

Entry specifications have been published previously in many issues of The Bulletin.

An employee may submit as many entries in the contest as he desires. Each entry should bear the name of the employee, or relationship to an employee, department number, and building number.

The ideas all become the property of the Safety Department, who does the judging. And no entries may be returned.

COMPUTER NUMBER ONE

One of the earliest mechanical calculating instruments was probably the abacus, a device still used in many parts of the world.

THE BETA TWO GROUP also wished to pay respects to John Dinsmore, as they presented him with a fine set of luggage. Dinsmore, although he has been in the Beta Two Department less than two years, has earned the respect and love of all employees there.

Adult Education Offers Various Business Courses

The Adult Education Program, held at the Oak Ridge High School, announces a full and varied curriculum for summer classes to be held during night school for the summer quarter.

Registration starts Monday, May 29 and extends through June 15. Actual classes begin June 12, end August 4.

High school credit courses offered are algebra, English, history, geometry, both plane and solid, trigonometry and typing. Classes are scheduled Monday through Friday.

Business and general subjects are art, bookkeeping and other general business courses. Also offered are driver training, French, German, Italian, rapid reading, and photography. Classes in the general adult program are offered Monday through Thursday.

Details may be had by calling Oak Ridge 483-6316.

Oak Ridge Library Will Close For Memorial Day

The Oak Ridge Public Library announces it will be closed in observance of Memorial Day, next Tuesday, May 30.

Ridge In Midst Of Art Festival

Highlighted With Art, Drama, And Concerts

Many Y-12ers are participating in the Oak Ridge Festival now in full swing. A joint effort of the Civic Music Association, Community Art Center, and the Oak Ridge Playhouse, the festival is highlighted with art exhibits, drama, concerts, and lectures.

Guest artist and lecturer is Julius Herford, musicologist, pianist and conductor. He is presently on the faculties of Westminster Choir College and the Union Theological Seminary.

Tonight, May 24, a chamber music concert will be given at 8:15 in the auditorium of the Oak Ridge High School. Thursday, May 25, Paul Ebert will give a lecture on "Waiting for Godot," at 8 p.m. at the Playhouse, and Friday, May 26, the unusual experimental drama will be given a request repeat performance. This play is directed by Marshall Lockhart, wife of George Lockhart, Special Projects.

The gala Festival Concert, to be held at 8:15 p.m. Saturday, May 27 will present an all Haydn concert. All day Saturday also, a sidewalk art exhibit will be presented at Loveman's in downtown Oak Ridge.

Two Veteran Y-12ers Will Leave Many Friends In Plant Next Week

John G. Dinsmore, Beta Two, And Guard Chief Miles H. Bradford Retire Wednesday, May 31

Two long-time, well known and most appreciated Y-12ers retire next week, May 31, to bring the total to 10 so far in 1961, and 84 since Carbide began operations in Y-12, in 1947.

John Gray Dinsmore, Material Accountant, in Beta Two, will complete 13 years, seven months in Y-12, when he retires next Wednesday.

Miles Hiram Bradford, Guard Chief, Guard Department, ends 17 years, 10 months continuous service in Y-12. Chief Bradford's retirement will be covered in detail in next week's Bulletin.

JOHN GRAY DINSMORE

In a brief gathering before his friends in Beta Two a couple of weeks ago, retiring John Dinsmore reached into Shakespeare's "Hamlet" to sum up his feelings on leaving Y-12. "Those friends thou hast, and their adoption tried, Grapple them to thy soul with hoops of steel."

With hoops of steel Dinsmore has bound his friends in the plant. Everywhere he has worked there are only kind and gentle words for a man short of stature, but tall in manliness. One co-worker remarked, "There's a real gentleman who brings his Christianity to work with him."

Born May 10, 1896, in Waynesburg, Pa., Dinsmore attended schools there, including the Waynesburg College. In 1917, he went into the United States Army, serving for almost two years as a mess sergeant in this country and France.

Finishes College

After leaving service, he finished college at Waynesburg. His first job was in Eldorado, Ark., as a clerk for the Forrest Oil Co. Returning to Waynesburg, the young Dinsmore went to work for the George E. Hoge Clothing Company as a salesman-buyer. It was while working here that he married Mary Marie Nichols, October 16, 1924.

In 1927 he went with the Green Company Motor Club in his native town to become secretary-manager. From 1933 until 1937 he was with the National Re-employment Service as district manager, serving the Waynesburg-Lewiston areas. Various other jobs occupied him until 1941 when he went with the U. S. Services Forces at Radford, Va., as senior clerk and assistant buyer.

To Oak Ridge In 1943

In 1943, Dinsmore came to Oak Ridge to work for Tennessee Eastman as a buyer-expediter, working here until early 1947. He worked briefly with the Oak Ridge Recreation and Welfare Association, before coming to Union Carbide in Y-12, October 27, 1947.

Product Processing also claims the likeable retiree, for it was here he spent almost 11 of his more than 13 years in Y-12. These people gathered in Building 9212 to honor him last week. They presented him with a fishing reel, rod, tackle box, and a portable radio.

He belongs to many organizations, the Delta Sigma Phi fraternity, the Masonic Lodge, Scottish Rite, Syria Temple and the American Legion. Very active in church work, the Dinsmores attend Central Baptist Church in Oak Ridge.

Plans For Florida

For the future the Dinsmores

Six Promotions Announced For Y-12ers June 1

J. R. Wells

J. B. Bowman

J. H. Nash

H. H. Newman

J. R. Webb

W. R. Barwick

Six promotions, effective June 1, are announced for Y-12ers. All of the machinists are being promoted to craft foremen.

James R. Wells is going from Machine Maintenance to Beryllium Fabrication. He has a continuous service date of September 25, 1950.

Also in the Beryllium Fabrication section, James B. Bowman will be promoted. Bowman's continuous service date is October 26, 1953.

James H. Nash, Beryllium Fabrication, is being promoted within his own department. His continuous service date is March 19, 1951.

In Machine Maintenance the promotion for Henry H. Neman is also announced. He came to Y-12 August 13, 1954.

John R. Webb, whose continuous service date is November 16, 1959, is being promoted in Beryllium Fabrication.

Walter R. Barwick, Machine Maintenance, also will be promoted June 1. Barwick's continuous service date is March 5, 1951.

All the promotions to supervisory positions are in the Mechanical Operations Division.

GAS STATISTICS

Last year gas killed 4,952 persons; 30 inhaled it, 952 lit matches over it, and 4,000 stepped on it.

ENGAGEMENTS

Miss Mary Lurlyne Lambert

LAMBERT-RIMMER

Mr. and Mrs. Frank Joseph Lambert, Jr., 8306 Corteland Dr., Knoxville, announce the engagement of their daughter, Mary Lurlyne Lambert to Raymond Claude Rimmer. The bride-to-be's father is in Y-12's Metallurgical Development Department.

The prospective groom is the son of Mrs. Claude E. Rimmer and the late Mr. Rimmer, of Route 15, Amherst Rd., Knoxville. He is a graduate from Bearden High School, and is associated with the Rimmer Brothers Trucking Co.

Miss Lambert attended Oak Ridge High School, St. Mary's School for Girls, Sewanee, and is graduated from Bearden High School. She is currently attending the University of Tennessee.

The wedding, planned for Saturday, June 17 at 2 p.m., will take place at the Bearden Methodist Church, Knoxville.

Get well wishes are sent the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

J. A. Whitney, Sunflower Shop; H. L. Odom, Area Five Maintenance; William V. Yaden and Warren Bass, Research Services; W. B. Biddix and R. H. Bradshaw, General Machine Shop; A. O. Roberts, Beryllium Fabrication; Woodrow W. Chase, Forming; J. S. Henley, Engineering Records; L. A. Jeffreys, Area Five Maintenance.

THE SLEEPING WEASEL

Especially wary when awake, the weasel is a sound sleeper. It can be held by the head, feet or tail and swung around for some time before it begins to awaken.

Challenge or report strangers in your work area.

Next Tuesday is more than a day off. It is that day the nation pauses and remembers its fallen sons, those who paid a dear price for freedom. It is also a day of renewal of national purposes, so that "these dead shall not have died in vain."

From around Y-12 we learn—

ENGINEERING

Down in Instrument Engineering they're saying that **B. B. Bell** purchased a boat recently for fishing and skiing, and it has been heard he enjoyed some skiing last week-end . . . **E. E. Dunn** has gone west for a couple of weeks' vacation . . . **Leland Browne** and his wife cruised down to Watts Bar last week-end . . . **Brandt Kuperstock** is sporting a new car-bus and is very proud and pleased with same . . . **Sam Kinnamon** is trying to borrow a busboy from Leland Browne, but reports no success . . . **Charlie Sampson** visited in North Carolina last week, where his mother-in-law is very ill . . . **Gene Cooper**, the old ham radio operator from way back, will be looking for some hot local DX before long . . . **Sam Hodnett** has been haunting the track grounds of late and is neck deep in track information . . . **Bill Phillips** is still counting calories, and now **Charlie Sampson** is in on the act. (Charlie is claiming Bill's method of counting is way off!) . . . **Al Stanton** has been house painting and also is sprucing up his boat and trailer with a new coat of paint for the boating season, which has finally arrived . . . **Al Norris** is still ribbing **Rasey Fezell** about beating him go-carting . . . **Rasey** being an old hand at winning honors in sport cars events . . . Since **Dave Padgett's** wife is still on the sick list, Dave is still having to keep house and recently had the fine supervision of his mother-in-law to make sure he did things up right . . . it's heard that **Maurice Greene** is finally getting up courage to face that gal in Sneedville; he planned to go home this week-end . . .

From Industrial Engineering it's told that **K. Z. Morgan** and his wife are vacationing down in the Florida parts. And Engineering Mechanics girl Friday, **Jean Barnes** is in the hospital, and everybody sends good wishes her way.

One reason the weaker sex is stronger than the stronger sex is the weakness the stronger sex has for the weaker sex.

CHEMICAL OPERATIONS

The Chemical Department extends sympathy to **L. C. Maples**, whose mother died recently . . . **A. E. Sands** vacationed recently in Vermont and other points "up East" . . . **Hazel Lemons** had her son home visiting recently from Campbellsville, Ky.; he teaches art there . . . **Jo Ann** and **Ed Isham** are going to spend the week-end in Cincinnati to see some ballgames.

We know a man preparing to celebrate his 80th birthday. He doesn't smoke, drink or have anything to do with women. We're wondering how he's going to celebrate.

SHIFT SUPERINTENDENTS AND UTILITIES

Vacationing from Utilities are **D. G. Watson**, **J. A. Braden**, **L. M. Kittrell**, **N. M. Standridge**, and **L. Ellison**, whereabouts unknown . . . **J. H. Humphreys** is being sent get well wishes . . . **E. E. Robertson** plans to do some work on his garage while on vacation . . . From the recent long week-end travelers included **K. E. Caughron** visiting in Cosby . . . **O. F. Jordan** fishing for Cobia in New River (?) . . . **C. E. Welch** planned a fishing trip . . . and

P. L. Beeler raced in Harriman. From the Steam Plant, **K. H. Wright** is also vacationing.

There's no need to advertise your troubles. There's absolutely no market for them.

MAINTENANCE

Research Services extends congratulations to newly-weds **Patsy Evans** and **Bob Easterday**, and promises more details on the happy event soon . . . **Roy Helton** is another Florida visitor . . . **L. Bowers** plans to take in Cape Canaveral and Daytona Beach on his vacation, promises not to get into anything unless he knows where it's going. Electrical is sending get well wishes to **H. H. Buckner**, **J. R. Pitts**, and **J. H. Whidden** . . . **Clarence E. Phillips** announces the birth of a son Saturday, May 13 . . . baby and Alberta doing fine. (She's formerly of Reproduction.)

The funniest line on the Emmie show went to **Art Carney**. As he was introduced, he exclaimed, "My name is Judge Crater, and I've got a secret!"

TECHNICAL

Radiation Safety is radiating a welcome smile for **Max Scott**, recently in. He is a graduate of Purdue University, and will be working in the Health Physics section. **C. M. West** spent most of his vacation at home last week . . . **Dixie Stinnett** and **Don**, of Mechanical Engineering are vacationing in Bermuda.

One way to tell if the honeymoon is over is whether he helps with the dishes, or does them all by himself.

FINANCE AND MATERIALS

Margaret Parks, of Reproduction, is getting to be quite the TV star these days. She sings with the Kingstnette Trio, and they recently won the weekly competition on the Talent Parade, seen on Channel 10 every Sunday at 4:30 p.m. Other members of the trio are **Barbara Justus**, formerly of Y-12 and wife of **A. D. Justus**, Research Services, and **Pauline Cole**, a former ORNL employee in Y-12. The trio will sing again this coming Sunday, May 28, in further competition.

Bill Moles, Timekeeping, and his family are visiting in Daytona and plan to go by Canaveral to see what's being blasted off.

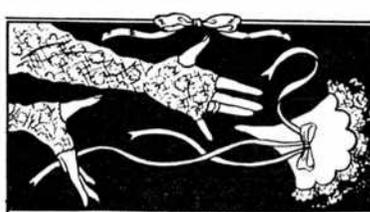

Joyce Gillihan, Mail Room, is vacationing at home in Oak Ridge this week.

From Cashier and Travel, they tell that **Loyal Vandergriff** took off last week to get settled in his new home in Lake City.

Jim Cox, Traffic, vacationed last week down Daytona-way.

Definition of An American: One who yells at the government to balance the budget, then goes out and borrows \$10 'til payday.

The Cafeteria tells that **Mamie Hundley** is vacationing this week at home in Knoxville . . . and that grandbaby that **Wynetta Patterson** and **D. H.** (He's in the Guard Dept.) went up to welcome recently didn't arrive on schedule . . . it is here now, however . . . a granddaughter, born May 17, weighing eight pounds, 13 ounces . . . place of birth: Vin-

WEDDINGS

FERGUSON-MATLOCK

The First United Presbyterian Church, Oak Ridge, was the scene of the wedding of **Donna Slusher Matlock** and **Spencer Field Ferguson**, April 29, at 8 p.m. Reverend **Samuel D. Howie**, pastor, performed the ceremony.

Both the bride and groom are Y-12ers, the bride employed in Tabulation Services Department; the groom in Mechanical Engineering. She is the daughter of Mr. and Mrs. **Dewey G. Slusher**, 5504 Kenbrook, Knoxville; while the groom is the son of Mrs. **Clara P. Ferguson**, 2103 Island Home Blvd., Knoxville.

For her wedding the bride chose a ballerina length dress of hyacinth blue silk organza and chantilly lace fashioned with a scoop neckline, tiny short sleeves and a bell shaped skirt. Her headpiece was a cornet of silk organza with an eyebrow veil. The bridal bouquet was made up of purple throated white orchids and white sweetheart roses.

The maid of honor, **Regina Camp**, also of Tabulation Services, wore a petal pink silk organza over taffeta with draped neckline forming a V back and full skirt. Her matching headband was adorned with seed pearls.

Don Ferguson, Savannah, Ga., was best man. Other groomsmen were **Hubert Dunsmore**, Knoxville; and **Frank Clayton**, Oak Ridge.

Mrs. **H. E. Carper** played traditional wedding music for the wedding, and soloist was Mrs. **Alice Secrist**.

A reception was given the couple at the church immediately after the wedding.

The Fergusons are at home at 129 E. Vanderbilt, Oak Ridge.

cennes, Ind. . . **Kent Patterson** is welcoming his son home for the summer from A & I College in Nashville.

Fire and Guard folks are sending get well wishes to **George H. Harvey**, ill in Ridge Hospital . . . and to **J. F. Price's** son who underwent surgery recently.

The taxpayer is one person that does not have to pass a civil service examination to work for the government.

MECHANICAL OPERATIONS

The General Machine Shop comes along with word that **L. C. Watson** is vacationing around home this week . . . also **W. C. Fraley** . . . **K. M. Adkins** and **C. C. Chamberlain** are camping and fishing all week on Douglas Lake . . . **J. W. Beeman**, **R. F. Knott**, and **O. G. Warren** vacationed — parts unknown . . . Sympathy is extended **F. N. Yodzukinas**, whose father-in-law, **J. C. Maples**, died May 17. Mr. Maples was formerly employed in the shop also.

Special Mechanical Production passes along news of **J. W. Kyle** vacationing working on his car last week, also **E. E. Ladd**, **B. R. Lundy**, **E. Plemens**, **R. D. Scalf**, and **W. L. Mincey** doing what nobody seems to know . . . **Hiram Crutchfield** is still being sent best wishes, he's now in St. Mary's Hospital in Knoxville . . . **Jim Patterson's** granddaughter **Penny** is home now much improved . . . and vacationers for this week are stay-at-home **B. E. Lett** and **J. E. Reagen**.

That's all for now. This thought came across the desk recently. "There is so much good in the worst of us and so much bad in the best of us, that it's rather hard to tell which of us ought to reform the rest of us."

Mr. and Mrs. Spencer F. Ferguson

Camera Lectures Announced For Rest Of Beginners Class

The Carbide Camera Club announces the remaining scheduled lectures for the current beginners course in photography now being taught. The lectures are given at 8 p.m. on Thursdays at Cheyenne Hall. Tomorrow night, May 25, black and white films, papers and developers will be discussed. June 1 will highlight developing, printing, and enlarging; and the June 8 program will be a continuation of the previous week's schedule.

Carbiders wishing to participate in these courses should contact **A. Palko**, president of the Camera Club, plant phone 7586, or at his Oak Ridge phone 483-8879. A membership card in the organization is all the admittance charge there is for the course.

AICHe Meet Will Feature Expert On Moonshining

The May meeting of the Knoxville-Oak Ridge Section of the American Institute of Chemical Engineers will hold their May meeting at the S and W Cafeteria, Knoxville, tomorrow, May 25. The meeting will commence with dinner at 6:30 p.m. Members are to proceed through the cafeteria line and go to dining room three, where the meeting will be held.

James R. Beeler, an investigator with the Alcohol and Tobacco Tax Division of the Internal Revenue Department, will be guest speaker. He will discuss his activities in this section, particularly his dealings with "moonshiners." Members and their wives are urged to attend.

YOUNG PIANO VIRTUOSO Eddie Tinnel will be heard in a recital Saturday, May 27, at the Nichols School in Lenoir City. Little eight-year-old Eddie is the son of Mr. and Mrs. Paul I. Tinnel (his father's in Beta Two of Chemical Operations), and the only grandchild of Vena Mae Summitt, of the Cafeteria.

HELPING THE WILDCATS along to many a victory the past year were Sue O'Rourke, left, and Lynn Beckett, both daughters of Y-12ers. Members of the Oak Ridge High School cheering squad, Sue is the daughter of Ellis T. O'Rourke, Research Services; Lynn is the daughter of Charles J. Beckett, Process Maintenance.

Four Teams Win In Lenoir League

Three Other Twosomes Take Three-Point Wins

Four teams from the Lenoir City Golf League for Carbidors came through during the week of May 8 to down opponents all the way. Taking four points were Watson-Collins over Case-Frizzell; Rutherford-Huston over Reid-Gregory; Miracle-Kingsbury over Hensley-McGinnis; and Harris-Carter over Beckett-Cox. The rest of the matches gave three-point wins to Rogers-Thompson over Hicks-Cook; Hudson-Morrison over Grubb-Clayton; and James-Peters over Wray-Wright.

Fuzz Harris took the low scratch score with a 39, while Lou Watson, Bob Carter, W. C. Collins tied for second low with 43. Harris also took low handicaps with 31.

J. Hensley and R. McGinnis have replaced the Kennedy-Scott twosome in league play.

League standing follows:

Team	W	L
Watson-Collins	8	0
Rutherford-Huston	7	1
Miracle-Kingsbury	7	1
James-Peters	6½	1½
Hicks-Cook	5	3
Harris-Carter	4½	3½
Beckett-Cox	4	4
Hudson-Morrison	4	4
Case-Frizzell	4	4
Rogers-Thompson	3	5
Grubb-Clayton	2	6
Wray-Wright	1	7
Reid-Gregory	0	8
Hensley-McGinnis	0	8

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will enjoy 15 and 10 years Continuous Service in the next few days:

15 YEARS

Lena W. Faith, Chemical, May 25.

Robert R. White, Engineering Services, May 29.

10 YEARS

William L. Winters, Product Processing, May 24.

Charles R. Harris, Material Control, May 25.

Theodore R. Hyde, Product Processing, May 28.

Bert O. Davis, Alpha Four Cascade Operations, May 28.

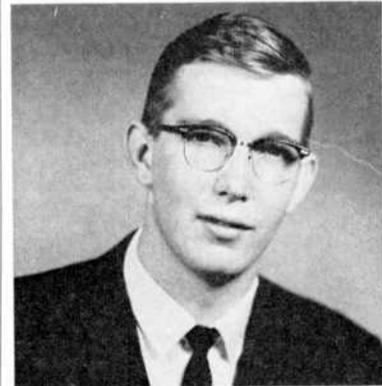

Hoyt J. Tinsley, Production Assay, May 28.

Robert H. Angel, Chemical, May 29.

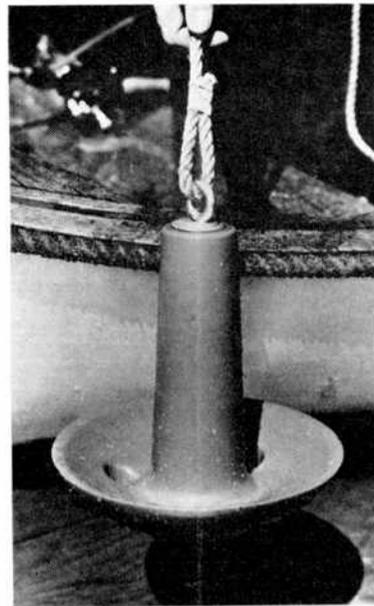

Max F. Wallace, Alpha Four Cascade Operations, May 29.

Clarence M. Rockholt, TW Shop, May 29.

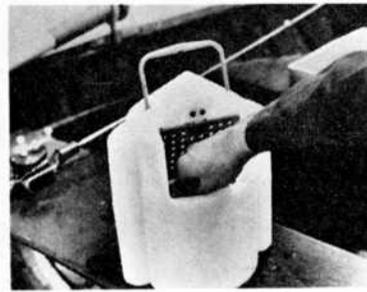

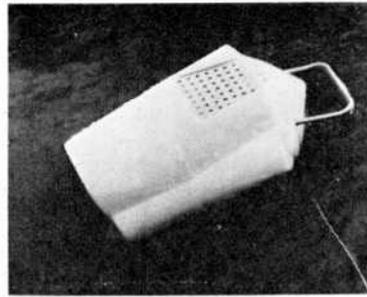

Charles W. Hamill, Ceramics and Plastics Development, May 29.

A SENIOR in Clinton High School, 17-year-old Quincy Cobb was recently named Safe-Driving Champion in the Road-E-O held in Clinton, sponsored by the Jaycees. Cobb, the son of Bill Cobb, of Electrical, will take part in the State Road-E-O set for June 2-3 at the Martin Branch of the University of Tennessee. The contestants were required to drive a 1961 model car through a rigid course, which included the ability to steer, stop, park and maneuver in conditions similar to heavy traffic.

PLASTICS INVADE THE SPORTS FIELD, as shown in the above photos. At left is a plastic anchor which will not nick the sides or bottom of the boat. In the upper right is a floating minnow bucket designed to hold at least 48 minnows. Both minnow bucket and anchor are made from polyethylene copolymer giving greater strength and providing the extra attraction of non-corrosion. The bucket remains two-thirds filled with water when removed from the drink.

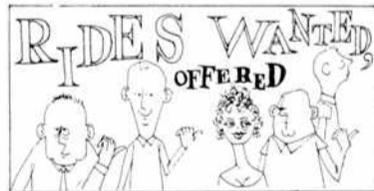

Stroud-Ebert And Hines-Dorr Twosomes Tied For Top Berth In Ridge Links Play

Action in the Oak Ridge League for Y-12 Golfers picked up even more steam in play the week of May 19. Six teams took the final full whitewash score over opponents with Stroud-Ebert over Townsend-Hackett; Hines-Dorr over Smith-Bartholomew; Holzknicht-Peckman over Ratjen-Hoppe; Dehoney-Knowles over Crow-Bremen and Brown-Roberts over Gregory-Kurtz. The only five point win of the week went to the Mee-McLendon two as they clipped Andrews-Turner. Four points were marked up by Boyd-Oliphant over Peterson-Presley; and Crone-Douglass over Belvin-Hopkins.

Carl Dorr shot low scratch game of the week with 36, while Roy Roberts had low handicap score with 32.

League standing follows:

Team	W	L
Stroud-Ebert	18	0
Hines-Dorr	18	0
Holzknicht-Peckman	16	2
Peterson-Presley	14	4
Dehoney-Knowles	12	6
Andrews-Turner	11	7
Mitchel-Tibbatts	11	7
Brown-Roberts	10	8
Boyd-Oliphant	9	9
Mee-McLendon	9	9
Ratjen-Hoppe	8	10
Hackett-Townsend	7	11
Crow-Bremen	6	12
Crone-Douglass	6	12
Smith-Bartholomew	5	13
Belvin-Hopkins	2	16
Gregory-Kurtz	0	18
Underwood-Earley	0	18

Ride wanted or will join car pool from Knoxville Trailer Court, Kingston Pike, to any portal, J Shift. B. J. Cooper, plant phone 7573, home phone Knoxville 588-6914.

Four riders wanted from Millertown on Washington Pike, Knoxville, to any portal, J. Shift. J. E. Miles, plant phone 7573, home phone Knoxville 522-7973.

Riders wanted from South Knoxville to any portal, straight day. E. E. Cook, plant phone 7-8845, home phone Knoxville 577-4786.

Always apply the "need-to-know" principle of security.

Phillips-Leach Keep Slim Lead

Whittles League Race Tightens In 3rd Match

Five teams used the old white-wash brush in the Whittles League for Y-12 golfers during the week ending May 14. League-leading Phillips-Leach locked horns with Hendricks-Parker, taking the full three points. Other such wins saw Sawyer-Perry over Norris-Ruckart; Spradlin-Clabough over the Schappels; George-Newman over Galle-Troutman; and Morgan-Cambell over Ball-Emery. The only two-point win of the week was the Kovach-Marrow pair over Brown-Ratliff.

Individual lows of the week saw a three-way tie for low scratch with C. C. Morgan, Al Sawyer and J. W. Phillips all firing the same 39. Low handicaps were taken by George Marrow with 33 and C. C. Morgan with 34.

The league leaders, Phillips-Leach, shot low team game with 79... while Sawyer-Perry came in with 82. Low handicaps team scores were Morgan-Cambell with 69 and Spradlin-Clabough with 71.

League standing follows:

Team	W	L
Phillips-Leach	11½	½
Sawyer-Perry	9	3
Brown-Ratliff	8½	3½
Spradlin-Clabough	8	4
George-Newman	8	4
Norris-Ruckart	6	6
Morgan-Cambell	6	6
Kovach-Marrow	4	8
Hendrix-Parker	3½	8½
Schappel-Schappel	3½	8½
Ball-Emery	2	10
Troutman-Galle	2	10

Tennis Meet Called For Thursday, June 1 In Recreation Office

All Jack Kramers and Alice Marbles in Y-12 are being called together by the Recreation Office to form a tennis league for the plant. The meeting is set for 4:30 p.m., Thursday, June 1 in Room 149, Building 9704-2.

Netmen wishing to enter are asked to telephone the Recreation Department prior to the meeting at plant extension 7109.

Organization Meet In Horseshoeing Set

Wednesday, June 7, has been selected as the date for organizing a Horseshoe Pitching League. Those wishing to enter the competitive sport are requested to be at the Horseshoe Courts in Jackson Square, at 7 p.m. on that day.

Recreation requests that telephone entries be made prior to the organizational meet. The telephone extension of the Recreation Department is 7109.

IS DMITRI NOW A RED?

Leo Tolstoy's celebrated "proleterate" novel, "War and Peace," is being filmed in the Soviet Union, according to recent releases.

designed for bait fishing for bass and carp. Both these fish stage runs after seizing the bait, but if they feel the heavy drag of a sinker, they usually drop the bait immediately. The hollow sinker comes into this picture. The line is threaded through the sinker and knotted to keep it from sliding down to the bait. When the carp seizes the bait and runs, the line slips through the sinker, and the fish never knows the difference.

Anglers are advised by shot-makers to study the habits of the type fish they are trying to catch, then use the right bait and weight, then go get them!

Sinker Is Vital To Angling Experts

Most fishermen consider a sinker to be just a simple weight for holding baited lines close to the bottom of a swift river. To them, it can be a lead weight or an old rusty nut. But actually, there is a large variety of sinkers designed for specific methods of fishing. There are special designs for still fishing, trolling, casting, and spinning. Each method of angling has its own, special sinkers, and it is to the angler's advantage to know them.

Trout fishing offers an excellent example of specialized sinkers. When drifting a worm in a swift current, a small amount of lead is required to keep the bait close to the bottom. Trout will bite well on worms when the streams are high in the spring, but the bait must roll along the bottom before they will take it. For this, there are the split shot sinkers and the wrap-around strips of lead.

Authorities recommend the new snagless sinker for trolling for walleye and lake trout. This type will seldom become fouled on rocks on the bottom. Another example of a highly specialized sinker is the hollow oval weight,

ONE POTATO-TWO POTATO

The United States food and drug administration in a recent release states that four ounces of dehydrated potatoes equal two pounds of fresh potatoes.

"What the devil do you bring for lunch, Harris?"

Union Carbide Corporation
Post Office Box Y
Oak Ridge, Tenn.
RETURN POSTAGE GUARANTEED

POSTMASTER: DO NOT FORWARD. IF ADDRESSEE HAS MOVED,
RETURN TO SENDER IMMEDIATELY.

'Loose Talk' Is Peril To Nation's Security

Job Information Must Be Guarded At All Times

Y-12ers are being reminded that the best command of language is possessed by the person who knows when not to talk. "Loose talk" is the term used to describe careless talk about classified information.

There are many times on the job or during family associations and social activities when basic policies regarding dissemination of classified information may be overlooked or forgotten. Two basic security requirements must always be remembered and applied before any defense information is discussed with anyone. The first requirement is the possession of appropriate security clearance, and the second is the "need-to-know."

Many Y-12ers familiar with the work in their operations, have friends in other operations, and both possess Q clearances. Nevertheless, neither is authorized to have the information concerning the other's work, and should never discuss the aspects of the respective operations with one another. Since it is extremely important that what is said on the job must be guarded, it is doubly so when talking to strangers. In a bus, waiting room, at a bar or at any social gathering, tongues must be closely guarded at all times.

Neither Deny Nor Confirm

The best policy to follow is not to discuss particulars of a job at all. If newspapers, magazines, radio or television carries information relating to the Atomic Energy program, the correctness of the information should never be denied or confirmed. Such information or denial could reveal classified information.

Two other things Y-12ers are asked to remember: when advertising questionnaires or filling out application forms, classified information must not be revealed. Another is that the telephone should never be used to discuss classified information.

America's security may well rest on the ability of its citizens to keep defense information away from improper sources. Careless, unintentional "loose talk" could have the same effect as deliberate sabotage!

America's security is your security.

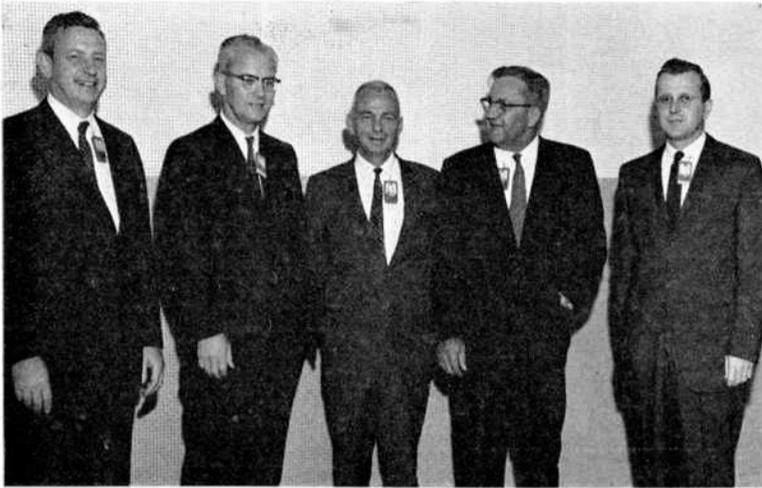

"Qualifications? ... Well, my father is your supervisor."

READY FOR BIG FISHING IN FLORIDA is retiring John G. Dinsmore, second from left. Others bidding fond farewells to the retiring accountant are, from left, B. J. Littleton, John S. Reece, Mrs. Dinsmore, the honored guest, receiving a radio from Tom Ebert. The Product Processing people couldn't let Dinsmore get away without letting him know how fondly he is remembered in 9212.

FROM UNION CARBIDE'S NEW YORK OFFICE last week came visitor Kenneth Rush, vice-president of Union Carbide Corporation. From left are A. P. Huber, Oak Ridge Gaseous Diffusion Plant superintendent; Vice-president Rush; John P. Murray, production manager; Clark E. Center UCNC vice-president; and Robert G. Jordan, Y-12 Plant superintendent. Vice-president Rush, a native Tennessean, holds a degree from the University of Tennessee, as well as a law degree from Yale University. He is a member of the board of directors of Union Carbide, and was the first president of Union Carbide Nuclear Company when it was formed in 1955.

New York Office Open To Visitors

New Saturday Hours For Summer Announced

Y-12ers, visiting New York on their vacations, are invited to view Union Carbide Corporation's skyscraper that houses Carbide's world headquarters.

The building, one of the ten tallest in the world, is located at 270 Park Avenue.

Union Carbide also announces summer hours to visit the building on Saturdays. The "Atomic Energy in Action" exhibit is open from 10 a.m. to 5 p.m. each Saturday. A receptionist and guide are on hand. Week-day hours are from 9 a.m. to 6 p.m.

Considered one of the outstanding pieces of architecture in the world, Carbide's home office recently won an award as one of the best designed office buildings ever constructed.

OUT LAST—IN FIRST

Tennessee was the last of the Confederate States to secede from the Union—the first one back in after the war.

If they don't need to know, don't tell 'em.

Memorial Day Observed As Holiday In Y-12

Next Tuesday, May 30, will be observed as a holiday in Y-12. No employee will be required to work except those whose presence are needed for continuous operation and protection of the plant.

Memorial Day will also see the post office closed. The Bulletin will be issued on its regular Wednesday date-line, but may be delayed one day due to the delay in the mail schedule.

Cans Can—And Do— Feed Bulk Of U. S.

A Frenchman, Francois Appert, discovered how to preserve foods in airtight containers 150 years ago this year. Now about nine per cent of American food reaches the consumer in cans. Each year some 22,000,000,000 pounds of vegetables, fruit, fish and meats are packed in tin and glass containers having a retail value of about \$4.7 billion.

Nearly four-fifths of all tomatoes harvested in the United States are canned as are three-fourths of the beets, two-thirds of the green peas and more than half of the sweet corn. In the fish field 99 per cent of the tuna, 90 per cent of the sardines and 85 per cent of the salmon are canned.

Industrial Engineers Tour EDPM Area In May Meeting

The East Tennessee Chapter of the American Institute of Industrial Engineers will hold their May meeting at 8 p.m. tomorrow, May 25, in the Conference Room of the Central Data Processing Building at the Oak Ridge Gaseous Diffusion Plant.

Featured speaker will be S. A. Brownlie, who will discuss the inventory control program for over 120,000 stores items stocked by Carbide stores. Also included in the meet will be a tour of the Electronic Data Processing Machine facilities at ORGDP.

Non-members wishing to attend the meeting should call Carl Stone, at his plant phone 8000.

Helium Spectrum Ions Is Physics Seminar Topic

The Physics Division Seminar for Friday, May 26, will be on the subject: "Energy Spectrum of Recoil Ions from the Decay of He⁶." Leading the seminar will be C. H. Johnson, of the Oak Ridge National Laboratory's Physics Division.

The discussion will be held at

2 Veteran Y-12ers

Continued From Page 1
have plans to settle in Naples, Fla., but nothing has been settled yet.

Mrs. Dinsmore is employed in Y-12 also, in Laboratory Operations.

The retiring Dinsmore takes with him the best wishes of all his fellow workers in Beta Two, and Product Processing, and throughout the entire plant. His pleasantness and congeniality will long be remembered.

Beta Two Honors

His present department gathered also to honor him recently in Beta Two and presented him with a handsome set of luggage. Mrs. D. was invited to both testimonial parties, for it always seems a little odd to see one of them without the other.

So Y-12 bids goodbye next week to one of its nicest men. He takes with him the heart-felt best wishes of the entire plant.

3:15 p.m. Friday, May 26 in the Central Auditorium, of the 4500 Building. All interested technical personnel are invited to attend.

Loose talk is poison.

Y-12ERS ALL MARCHED AWAY WITH DOOR PRIZES at the Spring Dance. From left, Y-12 Superintendent Robert G. Jordan presents H. L. Felix, Z Area and Dispatching, first prize of an electric razor. Felix held the magic low ticket number of six. Mildred Kidwell, Superintendent's Division presents L. F. Dickerson, Production Control, the wall clock for his winning ticket number 456. John Lay, SS Control, is at right with the electric rotisserie he took away with his lucky number of 253. Mildred drew the winning numbers from the "hat" and each award was presented to the winners by Supt. Jordan.

6-10542

THE BIG GALA SPRING DANCE, held Friday, May 12, in the Starlight Room of the Oak Terrace brought out the pretty lasses with their pretty dresses. At left, is a scene from the ball room floor. At

center, a full table of Spring celebrants "rest one out." At right a long scene of the front half of the mixed tables during intermission. More than 300 Y-12ers and guests attended the festive

occasion. All attending reported a fine time. The scene of the "green and yellow" dance brought back many memories of previous dances held by Y-12ers.
